## **Missouri Department of Mental Health Department Overview**

The Missouri Department of Mental Health (DMH) was first established as a cabinet-level state agency by the Omnibus State Government Reorganization Act, effective July 1, 1974.

State law provides three principal missions for the department: (1) the prevention of mental disorders, developmental disabilities, substance use, and compulsive gambling; (2) the treatment, habilitation, and rehabilitation of Missourians who have those conditions; and (3) the improvement of public understanding and attitudes about mental disorders, developmental disabilities, substance use disorder, and compulsive gambling.

The seven-member Missouri Mental Health Commission serves as the principal policy advisory body to the department director. The department is composed of three divisions: the Division of Behavioral Health, the Division of Developmental Disabilities and the Division of Administrative Services, as well as seven support offices.

DMH serves approximately 170,000 Missourians annually through state-operated facilities and contracts with private organizations and individuals. The six state-operated psychiatric facilities include inpatient psychiatric care for adults and children, as well as sex offender rehabilitation and treatment services. In addition, four habilitation centers, three community waiver programs, two community-based crisis programs, five regional offices and six satellite regional offices serve individuals with developmental disabilities. Other services are purchased from a variety of privately operated programs statewide through approximately 1,300 contracts managed annually by DMH.

Well over half of the 170,000 individuals served by the Department of Mental Health are Medicaid-eligible. The percentage of existing Medicaid-eligible individuals accessing DMH Medicaid services continues to grow annually beyond overall Mo HealthNet caseload growth for reasons such as the following:

- Many adults experiencing first-break mental illness or children and youth experiencing severe emotional disorders are already Medicaid-eligible but have not previously sought DMH treatment;
- Medical health care providers are becoming more aware of the impact of mental illness and substance use disorders on physical health conditions, and are becoming increasingly sophisticated in diagnosing them;
- The Division of Developmental Disabilities (DD) will fund waiver services for children transitioning out of the Children's Division in FY 2023;

NEW DECISION ITEM

- The Division of Developmental Disabilities (DD) will fund waiver services for children aging out of the Missouri Children with Developmental Disabilities (MoCDD) Waiver in FY 2023;
- The Division of DD will fund waiver services for individuals experiencing a crisis requiring residential services in FY 2023
- The Division of DD will fund in-home waiver services to prevent a DD Medicaid eligible in-home wait list to serve new individuals in FY 2023; and
- The Division of DD will fund waiver services for individuals transitioning from nursing homes in FY 2023.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

**DEPARTMENT REQUEST:**

**Medicaid Utilization**

This request uses actual DMH specific Medicaid client user data to determine a utilization increase for DMH MO HealthNet programs. The following data was used to derive the utilization increase:

**CPR Adult:**

- Number of clients served increasing by 0.59%
- Estimate 459 additional clients
- Total cost for CPR Adult growth is \$2,640,153 (\$754,952 GR and \$1,885,201 Federal)

**ADA:**

- Number of clients served increasing by 1.76%
- Estimate 501 additional clients
- Total cost for ADA Adult growth is \$1,554,779 (\$486,946 GR and \$1,067,833 Federal)

➤ DBH Utilization Increase total: \$4,194,932 (\$1,241,898 GR and \$2,953,034 Federal)

*The additional clients to the CPR Adult and ADA Adult programs are both new Medicaid enrollees and existing Medicaid participants accessing DMH services for the first time or utilizing more services provided by DMH.*

**PROGRAM DESCRIPTION****Department: Mental Health****HB Section(s): 10.005****Program Name: Administration (Director's Office)****Program is found in the following core budget(s): Director's Office****1a. What strategic priority does this program address?**

We will support recovery, independence, and self-sufficiency of Missourians with mental illness, substance use disorders and developmental disabilities. Agency is adaptable and responsive.

**1b. What does this program do?**

The Office of Director, with the advice of the Mental Health Commission, is responsible for the overall operations of the Department of Mental Health, its two clinical divisions and their facilities, one administrative division, support offices, and central office. The director's duties include planning, supervising, and evaluating the provision of mental health services for Missourians with mental disorders, developmental disabilities, and substance use disorders.

The Director's Office has a leadership role in the department's efforts to establish state policies, standards, and outcomes for state programs that affect mental health. The Director's Office is active in the development of policies and standards in MO HealthNet and insurance as these relate to the population served by the department. The Department of Mental Health works with other agencies to define target populations, develop interagency agreements, needed legislation, and interagency funding strategies in collaboration with local entities and consumers.

The Mental Health Commission, composed of seven members, appoints the director of the Department of Mental Health with confirmation by the state Senate. Commissioners are appointed to four-year terms by the Governor, also confirmed by the Senate. The commissioners serve as principal policy advisers to the department director.

The Commission, by law, must include an advocate of community mental health services, a physician who is an expert in the treatment of mental illness, a physician concerned with developmental disabilities, a member with business expertise, an advocate of substance use disorder treatment, a citizen who represents the interests of consumers of psychiatric services, and a citizen who represents the interests of consumers of developmental disabilities services.

### 2. CORE DESCRIPTION

Senate Bill 367, passed in the 2005 legislative session, allows employees providing direct client care in state institutions that are operated 24 hours per day, 7 days per week to request payment in lieu of compensatory time off. These requests may be made and must be paid each month. This includes federal, state, and holiday time.

In FY 2008, a departmentwide overtime pool was created for greater flexibility across all facilities to meet the legislative requirements for overtime pay. To ensure payments are made as required, one-half of the new funding received in FY 2007 in each direct facility appropriation was reallocated into this new departmentwide HB Section.

### 3. PROGRAM LISTING (list programs included in this core funding)

### 2. CORE DESCRIPTION

This core item includes federal grant funding the department received as part of the federal government's response to the COVID-19 pandemic.

The Emergency SAMHSA COVID-19 Grant funding addresses the needs of individuals with mental health and substance use disorders (co-occurring disorders) impacted by the COVID-19 pandemic. The program enhances Missouri's delivery of direct treatment services through telehealth and will focus on meeting the needs of healthcare professionals who need mental health care due to COVID-19. The effective dates for the grant are 4/20/20 - 8/19/22.

The COVID-19 Crisis Counseling Grant funds crisis counseling services through Community Mental Health Centers when there is a Presidential Disaster Declaration. All Missouri counties are eligible for these services because of a statewide disaster declaration due to COVID-19. The effective dates for the grant are 9/15/20 - 12/14/21.

### 2. CORE DESCRIPTION

This core funding will allow for training needed for direct care staff and will also provide maintenance costs for the Network of Care information and eLearning website.

Surveys of direct care and regional center staff and an assessment of DMH training/workforce development needs indicates that staff training and development is not adequate and has negatively impacted the department's ability to: (1) provide quality care and services; (2) recruit and retain qualified personnel; (3) develop successful leaders, managers and supervisors; and (4) improve and sustain operational effectiveness and efficiency.

Increased and ongoing investment in staff training and development is critical to:

- Ensuring the safety of consumers and employees;
- Providing meaningful treatment and support of consumers with aggressive behaviors;
- Providing meaningful treatment and support of consumers with complex and co-occurring medical, developmental, psychiatric and substance use disorders;
- Meeting licensing and accreditation requirements;
- Meeting state guidelines for supervisor and management training; and
- Improving service delivery through the use of new, complex technology and data systems.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.025

Program Name: Staff Training

Program is found in the following core budget(s): Staff Training

### 1a. What strategic priority does this program address?

Strengthen DMH and contracted workforce.

### 1b. What does this program do?

This program supports training and staff development strategies for Department of Mental Health (DMH) staff and community providers which:

- Improves direct care staff skills and competencies for active treatment through training in best practices of client and consumer safety;
- Establishes consistency in training on best practices of client and consumer safety for DMH employees and employees of other service providers (e.g. Senate Board 40s);
- Increases supervisory skill sets to provide effective supervision through hands-on, accountable oversight, and coaching of the direct care workforce; and
- Provides continuing professional education resources to demonstrate DMH commitment to talented and qualified clinical staff who want to make a career in public sector mental health.

DMH also manages *Caring for Missourians' Mental Health*, an initiative that addresses the state's mental health workforce crisis through several training components contracted with Missouri's two-year colleges and four-year universities. DMH enters into contracts with higher education institutions to expand high-demand programs and offer financial support to students. DMH provides tuition reimbursement, loan forgiveness, and residency support to trainees in exchange for comparable years of employment at DMH or DMH-approved providers.

### 2a. Provide an activity measure(s) for the program.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.025

Program Name: Staff Training

Program is found in the following core budget(s): Staff Training

2c. Provide a measure(s) of the program's impact.

Number of workers' comp injuries

861	800	775	500	400	400

2d. Provide a measure(s) of the program's efficiency.

On average, a DMH employee is required to take 12 courses annually, primarily through MELS. These department and division-wide safety programs ensure the department and its facilities' employees hold a measure of competency within their work environment. The online courses continue to be made available on all shifts and assigned as workload permits, so not only is there a significant cost savings when compared to external training vendors, but MELS also allows facilities to provide training in a more efficient manner. In addition, facilities are now utilizing in-house knowledge experts in the creation of trainings offering DMH workers more relevant trainings, further increasing overall efficiency and cost savings.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Program Expenditure History

\* FY22 reflects the remaining planned expenditure of the funding. Due to COVID-related training cancellations and restrictions, FY20 and FY21 expenditures were limited.

### 2. CORE DESCRIPTION

The department makes refunds for payments from third party payers from this appropriation. Mental health facilities may bill Medicare, MO HealthNet, private insurers and other financially responsible parties for client care. From time to time, facilities may overbill or collect duplicate payments from multiple payers. In these cases, it is necessary to pay refunds promptly. A separate appropriation is necessary so that these refunds will not adversely affect the facilities' operational appropriations.

In addition, a separate appropriation for the Debt Offset Escrow Fund allows the Department the ability to intercept tax refunds to clear debts owed for services delivered in state-operated hospitals.

### 2. CORE DESCRIPTION

This appropriation allows the Department of Mental Health (DMH) to accept federal grant funding that becomes available during a current fiscal year. Procedures consistent with the provisions of Section 630.090, RSMo. are followed.

In order to maximize the federal funding received in a fiscal year, the department needs to be able to accept and expend federal funding when it becomes available. The department utilizes this appropriation to take advantage of federal grant opportunities in a timely manner. Federal funds received are used only for a given year and if the funding continues into the next fiscal year, a new decision item is requested. Section 33.812, RSMo. requires that the department submit all new grant applications to the Office of Administration, the Budget Committee of the Missouri House of Representatives, and the Appropriations Committee of the Missouri Senate for review before accepting the federal funding.

### 2. CORE DESCRIPTION

Federal Medicaid regulation (42 CFR 433.51) requires state and local governmental units (including public providers) to transfer funds to the Department of Social Services (DSS) as the non-federal (state match) share of Medicaid payments to draw federal participation. These transfers are called intergovernmental transfers. This funding maximizes eligible costs for federal Medicaid funds, utilizing current state and local funding sources as match for services. Currently, the Department of Mental Health (DMH) utilizes an intergovernmental transfer (IGT) reimbursement methodology, where DMH serves as a provider of Medicaid services to DSS for the ADA and CPS community providers. This core item allows DMH to deposit state match received from DSS into DMH Federal Funds and then transfer these same funds into General Revenue to reflect a non-counted transfer from DMH back to GR.

### 2. CORE DESCRIPTION

This is an appropriated transfer section that allows for the movement of a portion of Disproportionate Share Hospital program (DSH) federal reimbursements to General Revenue.

The DSH program allows states to leverage additional federal funds intended to ease the burden of serving the underinsured. Under the DSH program, hospitals that serve a high proportion of MO HealthNet, low-income Medicare and uninsured patients are eligible for additional state payments, matched at the regular federal matching rate.

2. CORE DESCRIPTION
<p>The Division of Alcohol and Drug Abuse (ADA) and the Division of Comprehensive Psychiatric Services (CPS) administratively merged in FY 2013 creating the Division of Behavioral Health (DBH). Through ADA services, DBH ensures that prevention, treatment, and recovery services are accessible to persons with substance use disorders, those at risk of substance misuse, and people who gamble compulsively. In order to carry out its mission, DBH provides services to individuals through contracted community providers treating approximately 41,000 individuals with substance use disorders each year. In addition, roughly 700,000 individuals are impacted through DBH's prevention programs, as well as, 12,000 through the Substance Awareness Traffic Offender Program (SATOP). DBH also provides prevention, treatment and recovery services to address the opioid epidemic. This core provides funding for personal services and expense and equipment for administrative staff who are essential in overseeing all DBH programs by establishing policies and procedures; monitoring, evaluating, and providing technical assistance to a network of community providers; providing data analytics; and applying appropriate fiscal procedures to ensure financial accountability.</p>

2d. Provide a measure(s) of the program's efficiency.

**Note:** This graph represents the proportion of consumers who have services paid for by MO HealthNet Division (MHD) in Missouri.

*Significance: DBH continues to maximize state general revenue by ensuring each consumer's Medicaid eligibility is established in a timely manner and that Medicaid reimbursable services/programs are accessible.*

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

**Note:** As a continuation to the State Targeted Response Grant, the Division was awarded the State Opioid Response Grant.

## **NOTES:**

**(1)** As a continuation to the State Targeted Response Grant, the Division was awarded the State Opioid Response Grant. Additional authority was appropriated in FY 2020, as well as, supplemental authority in FY 2019.

**(2)** FY 2020 unexpended GR is due to reduced fourth quarter allotment and the suspension of SYNAR visits (requires states to have laws prohibiting the sale and distribution of tobacco products to minors) as a result of COVID-19. The federal lapse is due to the FDA grant due to the suspension of tobacco inspections and other federal grants.

**(3)** FY 2021 lapse of GR is due to a slight decrease in EE spending due to COVID-19.

**(4)** Increase in federal authority for FY 2022 is due to additional Substance Abuse and Prevention Treatment Block Grant funding.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.105

Program Name: Community-based Prevention

Program is found in the following core budget(s): Prevention & Education Services

### 1a. What strategic priority does this program address?

Enhance prevention initiatives.

### 1b. What does this program do?

**Community-based prevention programs** provide preventive interventions with children, families, and college students; training, technical assistance, and support for coalitions; prevention evaluation, research, and data analysis; public education and social marketing, and information and referral services. Direct prevention services utilize evidence-based programs and strategies, and conduct pre- and post-testing and/or evaluations. **Prevention Resource Centers** provide training, technical assistance and support to community coalitions across the state. There are over 170 Missouri registered coalitions. These coalitions have been highly successful in substance use policy change in their communities. **High Risk Youth** programs provide evidence-based prevention services to youth and families with high risk factors for substance use. These programs use curricula that have been rigorously evaluated and determined to be effective at preventing alcohol and other drug use. **College Campus-based Programs** are provided on 17 state-supported and 7 private institutions of higher education. These programs work toward reducing rates of harmful and dangerous drinking on campuses. **Prevention Evaluation** supports all prevention services through the provision of data for assessing prevention needs and program effectiveness. The Missouri Student Survey is included among the evaluation activities. The Behavioral Health Data Tool website provides users with the ability to access and analyze community-level data to support strategic planning and implementation of targeted interventions.

### 2a. Provide an activity measure(s) for the program.

**Note:** These numbers include individuals served in both virtual and direct face-to-face programs and do not include individuals exposed to prevention education via media spots. 'Other' includes persons whose age was not collected at the time of the prevention program.

Department: <u>Mental Health</u>	HB Section(s): <u>10.105</u>
Program Name: <u>School-based Prevention</u>	
Program is found in the following core budget(s): <u>Prevention &amp; Education Services</u>	

**1a. What strategic priority does this program address?**

Enhance prevention initiatives.

**1b. What does this program do?**

**School-based Prevention Intervention and Resource Initiative (SPIRIT)** delays the onset of substance use and decreases the use of substances, improves overall school performance, and reduces incidents of violence. To achieve these goals, prevention agencies are paired with school districts to provide technical assistance in implementing evidence-based substance use prevention programming. SPIRIT is operated by four prevention agencies serving thirteen school districts across the state, including Carthage R-IX, Knox Co. R-1, New Madrid Co. R-1, Ritenour, East Prairie, Greenwood, S. Shelby, Macon, Kirksville, Clark County, North Andrew, LaPlata and Scotland Co. R-I.

SPIRIT was selected by the Substance Abuse and Mental Health Services Administration (SAMHSA) to receive the national 2010 Service and Science award for exemplary implementation of evidence-based interventions. The evaluation results demonstrate that the program has had a positive impact on attitudes and behaviors of students, decision making skills, bullying, use of substances, age of first use, and overall school performance. School administrators cite SPIRIT as having positively impacted their students and schools.

**2a. Provide an activity measure(s) for the program.**

## CORE DECISION ITEM

<b>Department:</b>	<b>Mental Health</b>	<b>Budget Unit:</b>	<b>66325C</b>
<b>Division:</b>	<b>Alcohol and Drug Abuse</b>		
<b>Core:</b>	<b>ADA Treatment Services</b>	<b>HB Section:</b>	<b>10.110</b>

### 2. CORE DESCRIPTION

The Division of Behavioral Health (DBH) contracts with community-based providers for substance use disorder treatment services. DBH-funded services for individuals with substance use disorders are provided to priority populations including: MO HealthNet-covered individuals, pregnant women and women with dependent children, offenders under the supervision of the Department of Corrections and treatment courts, people who inject drugs, and people under civil involuntary commitment for danger to self or others.

Treatment sites are located across the state offering multiple levels of care in order to provide Missourians access to treatment. DBH has developed treatment programs that focus on providing a complete continuum of recovery services, including extended outpatient services in the community and, where possible, close to home. Varying degrees in intensity of care and a comprehensive menu of services are offered to provide ready access to treatment and to assist in achieving and maintaining recovery from substances. Services are individualized and treatment routinely includes assessment, individual and group counseling, family counseling, education, peer support, participation in self-help groups, and other structured, therapeutic interventions. In addition, families can also participate in individual and group counseling. Detoxification, residential support and stabilization services are offered for those who need a safe substance-free environment early in the treatment process.

The goals of treatment are to assist individuals in obtaining and sustaining recovery from substance use disorders. Such recovery goals include reduction of substance use or misuse; reduction in criminal behavior associated with substance use or misuse; obtaining and maintaining meaningful employment; securing stable housing; and increasing healthy social connections.

Comprehensive Substance Treatment and Rehabilitation (CSTAR) is the only intensive substance use disorder treatment in Missouri reimbursed under MO HealthNet. The following programs for specialized populations are available through CSTAR: Women and Children, Adolescents, and individuals with Opioid dependence. There are also CSTAR programs for the general population. Additionally, Medically Monitored Inpatient Detoxification is available in some CSTAR programs, providing moderate medical support for those withdrawing from substances. DBH contracts with 24 primary recovery sites, 50 recovery support contracts, and 196 CSTAR sites, including those at Certified Community Behavioral Health Organizations (CCBHOs).

## PROGRAM DESCRIPTION

<b>Department:</b> Mental Health	<b>HB Section(s):</b> <u>HB 10.110</u>
<b>Program Name:</b> Substance Use Disorder Community Services	
<b>Program is found in the following core budget(s):</b> Treatment Services	
<p><b>1a. What strategic priority does this program address?</b></p> <p>Advance supports for substance use recovery to improve mental well-being and decrease opioid and other substance-related deaths.</p> <p><b>1b. What does this program do?</b></p> <p>Comprehensive Substance Treatment and Rehabilitation (CSTAR) programs are designed to provide an array of comprehensive, but individualized, treatment services with the aim of reducing the negative impacts of substance use disorders to individuals, family members and society. Services available in CSTAR increase individuals' abilities to successfully manage chronic substance use disorders. CSTAR features outpatient care that varies in duration and intensity, with specific services received based on individuals' needs. Persons may enter treatment at any level of need in accordance with eligibility criteria. Only substance use disorder treatment programs designated by the department as CSTAR are approved for reimbursement under MO HealthNet. Top priority for admission is given to pregnant women who inject substances because of the risk to unborn babies and public safety. CSTAR programs serve a large number of Missouri offenders with substance use disorders that are re-entering their communities following incarceration or are under probation supervision. Effective substance use disorder treatment for these individuals reduces criminal recidivism and promotes a productive and safe return to their communities.</p> <p><b>~Specialized CSTAR programs for Women and Children</b> offer priority treatment to women who are pregnant, postpartum, or have children in their physical care and custody. Depending on assessed needs, additional services may include daycare, residential support, and community support for young children that accompany their mothers into treatment. Treatment focuses on issues particularly impactful to women and mothers, such as developing job skills and establishing healthy, safe relationships. These programs have demonstrated clear success in supporting substance-free births to women enrolled, as well as assisting in the reunification of families that have had children removed from custody. Two of these programs ("Alt Care"), one in St. Louis and one in Kansas City, provide services solely to women under the supervision of the MO Department of Corrections.</p> <p><b>~Specialized CSTAR programs for Adolescents</b> offer the full menu of treatment services, as well as academic education, to youth between the ages of 12 and 17 years.</p> <p><b>~CSTAR General Population programs</b> are intensive outpatient treatment programs for both men and women with substance use disorders. The full menu of treatment services is available.</p> <p><b>~CSTAR Opioid treatment programs</b> are federally accredited to provide services on an outpatient basis to individuals who demonstrate physiological dependence to opiates. In addition to the full menu of treatment services, clients also receive medical evaluations, as treatment involves the use of methadone for medically supervised withdrawal. Individuals are able to reduce or eliminate illegal substance use and maintain employment while receiving opioid treatment. In addition to pregnant women and people who inject drugs, priority admission is also afforded to persons who are HIV-positive.</p> <p><b>~CSTAR Medically Monitored Inpatient Detoxification programs</b> offer a moderate level of medical care to individuals whose intoxication or withdrawal symptoms are so severe that 24-hour inpatient care and monitoring is required; but the full resources of a hospital are not necessary.</p>	

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): HB 10.110

Program Name: Substance Use Disorder Community Services

Program is found in the following core budget(s): Treatment Services

### 1b. What does this program do? (Continued)

Primary Recovery Plus (PR+) substance use disorder treatment programs are designed like CSTAR programs to provide an array of comprehensive individualized treatment services with the aim of reducing the negative impacts of substance use disorders (SUD) to individuals, families, and society. These sites are unable to bill services to MO HealthNet because the number of residential beds creates an Institution of Mental Disease (IMD), thus triggering reimbursement limitations. Services available in PR+ increase individuals' abilities to successfully manage chronic SUDs. These outpatient programs vary in duration and intensity, with specific services received based on individuals' needs. Persons may enter treatment at any level of need in accordance with eligibility criteria.

Recovery Support services supplement substance use disorder treatment programs and expand access to an array of supportive services that include employment assistance and emergency housing. Recovery supports are delivered by nontraditional and faith-based community organizations. The highest priority populations for all Division addiction programs are pregnant women and people who inject substances because of the risks to unborn babies and public safety. All Division substance treatment programs serve a large number of Missouri offenders with substance use disorders who are re-entering their communities following incarceration or who are under probation supervision. Effective substance use disorder treatment for these individuals reduces criminal recidivism and promotes a productive and safe return to their communities.

The nation continues to face an opioid epidemic and Missouri has been a state hard hit by overdoses, deaths, and increasing admissions to treatment for opioid use disorder (OUD). As part of the federal response, a two-year State Targeted Response (STR) grant was awarded in 2017 and a two-year State Opioid Response (SOR) grant was awarded in 2018. In 2020, Missouri received a third round of two-year federal funding to support our efforts in addressing the opioid epidemic. New to this round of funding is the inclusion of stimulant use disorder, usually methamphetamine use disorder, as a diagnosis that funds can be used to help prevent, treat, and promote recovery. For nearly half the state, methamphetamine use disorder is the primary reason for admission to SUD programs. Methamphetamine available today is far more pure, and thus deadlier, than the methamphetamine previously manufactured in state-based "meth labs."

Funds are utilized for the following purposes:

- increase public awareness;
- promote responsible opioid prescribing;
- enhance physician knowledge of OUDs and increase the number of doctors able to treat them;
- enhance treatment programs' interventions and expand fast access to needed medications;
- expand the treatment for OUDs in publicly funded primary care centers;
- train emergency responders and other citizens in the use of naloxone for overdose reversal;
- promote the use of peer supports in recovery;
- make emergency housing available; and
- support four recovery community centers to provide assistance to those seeking recovery.

To address methamphetamine use disorder, the grant will support training in evidence-based practices specific to this illness, as well as the implementation of evidence-based interventions in prevention, treatment, and recovery.

2c. Provide a measure(s) of the program's impact. (Continued)

**Note:** When comparing the frequency of use at admission to the frequency of use at program closure for primary substances, about seven out of ten CSTAR program participants report either a reduction in the frequency of substance use or no longer using the primary substance.

**Note:** National data from the Treatment Episode Dataset - Discharges, 2018 (SAMHSA, 2020).  
Missouri data based on consumers who are discharged from detox in FY 2021 and are admitted to treatment within 5 days of discharge.  
*Significance: Studies confirm that providing access to treatment services immediately following detoxification for substance use disorder is critical to positive outcomes. This graph demonstrates that Missouri is doing significantly better than the national average in linking individuals from detox into formal treatment.*

### 2. CORE DESCRIPTION

The Certified Community Behavioral Health Organization (CCBHO) house bill section was created during the FY 2022 legislative session to ensure transparency regarding services provided by the CCBHO providers. These expenditures have historically come from various house bill sections within the Division of Behavioral Health (DBH) budget: ADA Treatment, Adult Community Programs, and Youth Community Programs.

Missouri is one of eight states selected by the federal Centers for Medicare & Medicaid Services (CMS) and Substance Abuse and Mental Health Services Administration (SAMHSA) to participate in a demonstration program, co-sponsored by Missouri's Senator Roy Blunt, to implement a Prospective Payment System (PPS) for the purchase of behavioral health services for certain Medicaid beneficiaries. The PPS is an actuarially sound cost-based reimbursement method that replaces the current Medicaid fee-for-service system which provides reimbursement for individual units of service provided. Instead, CCBHOs recognized by the Department of Mental Health (DMH) who are in substantial compliance with federal and state standards for CCBHOs receive a single, fixed payment amount for each day that they provide eligible CCBHO services to a Medicaid-eligible individual. Missouri currently has 15 CCBHOs that are participating in the federal demonstration. The DMH is expanding the number of CCBHOs operating in the State.

CCBHOs are designed to improve the availability, accessibility, and quality of community behavioral healthcare. CCBHOs integrate behavioral health with physical healthcare, while providing a comprehensive array of services that include crisis intervention, screening, treatment, prevention, peer and family support services, and wellness services for individuals with serious mental illnesses and substance use disorders.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.111

Program Name: ADA Certified Community Behavioral Health Organization

Program is found in the following core budget(s): ADA CCBHO

### 1a. What strategic priority does this program address?

Advance supports for substance use recovery to improve mental well-being and decrease opioid and other substance-related deaths.

### 1b. What does this program do?

Certified Community Behavioral Health Organizations (CCBHOs) provide services to adults who have moderate or serious mental illnesses (SMI); youth who have serious emotional disturbances (SED); individuals with mild or moderate mental illnesses and/or substance use disorders (SUD), and complex health conditions.

CCBHOs are required to provide a comprehensive array of services, including psychiatric rehabilitation, healthcare homes, and outpatient mental health (MH) and SUD treatment, which include medication services. CCBHOs must provide timely access to evaluation and treatment; most offer “open access” at many sites. Treatment is patient centered, and includes risk assessment and crisis prevention planning. CCBHOs are required to provide primary care screening and monitoring of key health indicators and health risk. In each service area the CCBHOs must provide crisis mental health services, including a 24-hour crisis line and a mobile response team. CCBHOs provide peer support and family support services.

CCBHOs are required to have a variety of staff to enhance and improve services. CCBHOs provide professional treatment for individuals by employing professionals with expertise and training in evidence-based practices for trauma related disorders, smoking cessation, wellness, suicide prevention, Medication Assisted Treatment, and motivational interviewing. CCBHOs employ Community Behavioral Health Liaisons that assist law enforcement, jails, and courts by facilitating access to behavioral health services. CCBHOs also employ a Medical Director who is a licensed psychiatrist along with licensed mental health professionals who are trained in evidence-based, best, and promising practices, including Cognitive Behavioral therapy, Eye Movement Desensitization and Reprocessing, and Integrated Treatment for Co-occurring Disorders.

A key feature of the CCBHO initiative is a focus on quality and outcomes. The CCBHOs are required to perform successfully on a variety of different outcome measures in this pay-for-performance model. This core funding allows to further shift toward paying for service quality versus service volume.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Sections 631.010 and 191.831, RSMo.

6. Are there federal matching requirements? If yes, please explain.

Some of the expenditures made are for MO HealthNet services requiring a state match. In addition, the federal Substance Abuse Prevention and Treatment Block Grant requires that the state maintain an aggregate level of general revenue spending for treatment and prevention that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.)

7. Is this a federally mandated program? If yes, please explain.

Yes. The federal Substance Abuse Prevention and Treatment Block Grant requires provision of specialized programs for women and children.

The Division of Behavioral Health (DBH) contracts with community agencies across the state for these services. Program sites include: 160 Offender Management Units (OMU), 135 Offender Education Programs (OEP), 78 Adolescent Diversion Education Programs (ADEP), 64 Weekend Intervention Programs (WIP), 122 Clinical Intervention Programs (CIP), and 123 Serious and Repeat Offender Programs (SROP). The goal is to reduce impaired driving and increase public safety on Missouri's roadways.

## PROGRAM DESCRIPTION

<b>Department: Mental Health</b>	<b>HB Section(s):</b> <u>10.120</u>
<b>Program Name: SATOP</b>	
<b>Program is found in the following core budget(s): SATOP</b>	
<p><b>1a. What strategic priority does this program address?</b></p> <p>Advance supports for substance use recovery and decrease injuries and fatalities associated with impaired driving.</p> <p><b>1b. What does this program do?</b></p> <p>The Substance Awareness Traffic Offender Program (SATOP) is a statewide system of comprehensive, accessible, community-based education and treatment programs designed for individuals who have pled guilty or were found guilty of an impaired driving offense with administrative action. SATOP is also required for offenses for individuals under the age of 21, charged with Minor in Possession, Abuse and Lose, and Zero Tolerance offenses. The goals of the program are to prevent future incidents of impaired driving and to get those with serious substance use disorders into treatment through screening/assessment, proper program placement, and providing early intervention education and recovery-based services.</p> <p>Completion of a SATOP is a statutory condition of license reinstatement. The program incorporates a comprehensive assessment to determine program placement into any of the four levels of education and/or treatment interventions. The placement of an offender is determined by several factors which include the individual's history of drug and alcohol use, Blood Alcohol Content (BAC) at the time of arrest, and their arrest and treatment history.</p> <p>The Offender Education Program (OEP) is a 10-hour education course designed specifically for first-time offenders who are considered to have a low risk of recidivism and a low need for clinical treatment services. The Adolescent Diversion Education Program (ADEP) is the education counterpart for individuals under age 18. The Weekend Intervention Program (WIP) is comprised of 20 hours of education during a 48-hour weekend of structured activities. The Clinical Intervention Program (CIP) is a 50-hour outpatient treatment program designed for repeat DWI offenders considered to be at high risk for re-offending. The Serious and Repeat Offender Program (SROP) requires at least 75 hours of substance use disorder treatment services, provided in no less than 90 days, for serious and/or repeat Driving While Intoxicated (DWI) offenders. A serious offender is one who has a BAC percent of 0.15 or greater at the time of arrest and meets criteria for a substance use disorder. A repeat offender is one who has been arrested on two or more separate occasions for operating a motor vehicle while under the influence of alcohol or drugs, having resulted in administrative action by the Department of Revenue.</p>	

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.120

Program Name: SATOP

Program is found in the following core budget(s): SATOP

2a. Provide an activity measure(s) for the program.

**Note:** Number of individuals served depends on the number of DWI arrests.

2b. Provide a measure(s) of the program's quality.

**Note:** Some variation will occur in the recidivism rate due in part to level of law enforcement and funding for checkpoints.

*Significance:* Five years after SATOP graduation, the majority of SATOP participants have not re-offended.

*Target:* To stay at or below the National Highway Traffic Safety Administration (2014) DWI Recidivism in the United States of 25%.

Program is found in the following core budget(s): SATOP

2c. Provide a measure(s) of the program's impact.

**Note:** For SATOP programs, these data show that about nine out of ten programs result in either the reduction in the frequency of use of the primary substance or abstinence. These data are using matched pairs and track the change in usage pattern over time for individuals involved in SATOP treatment.

2d. Provide a measure(s) of the program's efficiency.

**Note:** In 2010, vehicle crashes in which alcohol was the cause accounted for 18 percent of the total cost of motor vehicle crashes. Missouri's estimated economic cost of motor vehicle crashes in 2010 was \$5.560 billion.

**Source:** (Blincoe, L. J., Miller, T. R., Zaloshnja, E., & Lawrence, B. A. (2015, May). *The economic and societal impact of motor vehicle crashes, 2010. (Revised) (Report No. DOT HS 812 013)*. Washington, DC: National Highway Traffic Safety Administration.)

## PROGRAM DESCRIPTION

<b>Department: Mental Health</b>	<b>HB Section(s): 10.200</b>
<b>Program Name: CPS Administration</b>	
<b>Program is found in the following core budget(s): CPS Administration</b>	
<p><b>1a. What strategic priority does this program address?</b></p> <p style="margin-left: 20px;">We will support recovery, independence, and self-sufficiency of Missourians with mental illness, substance use disorder, and developmental disabilities.</p> <p><b>1b. What does this program do?</b></p> <p style="margin-left: 20px;">This core item funds the administration of psychiatric services within the Division of Behavioral Health (DBH) through the following functions: Program and Policy Planning and Development; Training and Technical Assistance; Quality of Treatment; Compliance and Monitoring; and Financial and Data Management. Through program development, monitoring, and oversight DBH provides quality treatment to adults and children who have been diagnosed with Serious Mental Illness, Severe Emotional Disturbance, and in many cases are dually diagnosed with both a psychiatric and a substance use disorder.</p> <p style="margin-left: 20px;">DBH supports four hospital systems. Each system is directed by a Regional Executive Officer and consists of one to three state operated inpatient facilities. Funding for these positions is through the budgets of the inpatient facilities; however, DBH provides direction, guidance and oversight for the hospital systems. The hospital systems were developed to consolidate administrative staff from each inpatient facility into a centralized regional administration in order to gain efficiency and standardization of treatment and policy. The four hospital systems are: 1) Western: Center for Behavioral Medicine and Northwest Missouri Psychiatric Rehabilitation Center; 2) Central: Fulton State Hospital; 3) Eastern: St. Louis Forensic Treatment Center (SLFTC) - North and St. Louis Forensic Treatment Center (SLFTC) - South, and Hawthorn Children's Psychiatric Hospital; and 4) Southeast: Southeast Missouri Mental Health Center.</p> <p style="margin-left: 20px;">DBH Administration supports management and policy making for all of DBH's psychiatric services and assures: 1) the accessibility and coordination of treatment services throughout the state; 2) the availability and competence of both state and community treatment staff; and 3) the integration and attainment of the goals identified by the Department. DBH Administration works closely with community service providers and other state departments to plan and implement specialized projects such as Healthcare Homes, Certified Community Behavioral Health Organizations, Emergency Room Enhancement, Community Behavioral Health Liaisons, and many more. DBH provides funding and oversight for approximately 250 private provider contracts delivering behavioral health and residential services and supports.</p> <p style="margin-left: 20px;">DBH Administration applies for and oversees numerous federal grants to assist in the funding of treatment and mental health promotion services for both adults and children. This includes the annual application for the Community Mental Health Services Block Grant (approximately \$9.7 million annually).</p>

Section 632.010, RSMo.

**6. Are there federal matching requirements? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.)

**7. Is this a federally mandated program? If yes, please explain.**

No. However, the Community Mental Health Services Block Grant allows 5% to be expended for administration.

## 2. CORE DESCRIPTION

The Facility Support house bill section was created to assist the Division of Behavioral Health (DBH) by establishing a single section to administer several allocations to facilities. These allocations have historically come from various house bill sections within the DBH budget: Adult Community Programs, Loss of Benefits and PRN Nursing Pool. This also establishes a mechanism to allow the allocation of Medicare earnings to the facilities to assist them in coping with census pressures, safety, and patient acuity issues.

### Loss of Benefits

Pursuant to Chapter 552 RSMo., the Department of Mental Health (DMH) must provide secure inpatient hospitalization for those individuals committed by the Circuit Courts as not competent to proceed and not guilty by reason of mental disease or defect. Individuals so committed incur costs for necessary medical care. However, the Social Security Domestic Employment Reform Act of 1994 removed Social Security Disability Insurance (SSDI), Retirement Survivors Disability Insurance (RSDI), and Social Security Retirement (SSA) for those individuals committed as incompetent to proceed and not guilty by reason of mental disease or defect. Medicare Part B premiums, which help pay for necessary health care costs, were previously paid for out of these Social Security funds. Payment of these premiums will maintain Medicare insurance for those eligible forensic clients thereby allowing Medicare to pick up a major portion of client medical expenses. This core item will pay for Medicare Part B premiums and other necessary health care costs for those individuals so committed to DMH.

## CORE DECISION ITEM

<b>Department:</b> <u>Mental Health</u> <b>Division:</b> <u>Comprehensive Psychiatric Services</u> <b>Core:</b> <u>Facility Support</u>	<b>Budget Unit:</b> <u>69112C</u>  <b>HB Section:</b> <u>10.205</u>
<p><b>PRN Nursing &amp; Direct Care Staff Pool</b></p> <p>A nursing shortage exists both statewide and nationally. This shortage, in conjunction with non-competitive state salaries and difficult working conditions has greatly reduced the number of qualified nursing personnel available or willing to staff state-funded mental health facilities. This continuing shortage could adversely impact the safety and security of staff and patients; the Joint Commission accreditation status; Medicare Certification; third party reimbursements and disproportionate share hospital (DSH) reimbursement. It is extremely difficult to maintain appropriate direct care staffing complements due to the rapidly changing symptom severity, and levels of staff supervision needed by clients treated in the inpatient wards. In some instances it is necessary to provide two staff for one patient because of the severity of the patient's illness and related aggressive or inappropriate behaviors.</p> <p>A new bill section was created in FY 2011 to address the nursing shortage and direct care staffing issue by allowing DBH to establish a PRN (as needed) nursing and direct care staff pool. This was accomplished through a redirect of Personal Service funding and FTE from DBH facility budgets to the new bill section. Individuals hired into this pool will not be allowed to work more than 1,039 hours per year (.49 FTE) and will not be eligible for state benefits. The fringe benefit funding associated with the DBH facilities' FTE was core transferred into this new bill section from HB 5 (O/A Fringe) to fully support the PRN nursing pool.</p> <p><b>Federal Authority</b></p> <p>This will allow the facilities to utilize Medicare collections for the purchase of medical services in order to comply with the Medicare bundling requirements. In addition, this will also allow DBH to utilize state operated waiver collections to restore facilities expenses and equipment costs incurred for training, pay for annual expenses to implement Medicare Part D, and to utilize Medicare Part D collections to assist facilities with staffing to cope with over census pressures.</p> <p><b>Voluntary by Guardian</b></p> <p>In FY11, DBH initiated a change within its state operated inpatient psychiatric system to reduce costs and improve care for individuals with serious mental illness. This program supports discharging of individuals voluntarily placed by guardians from state facilities into the community who require intensive residential supports and who would otherwise occupy inpatient beds. However, there is a significant shortage of appropriate placements in the community mental health system due to low reimbursement, staffing issues, and the need for higher trained staff to manage the symptom severity of those coming out of the state hospital, but who still require significant supervision and continued treatment.</p>

### 2. CORE DESCRIPTION

The Division of Behavioral Health (DBH) Adult Community Programs serve individuals with serious mental illnesses (SMI). Priority populations include the following that are: discharged from state hospitals; committed by the courts in forensic status; under the supervision of Probation and Parole; Medicaid eligible; or experiencing crises, to include danger of harm to self or others.

DBH is responsible for ensuring prevention, mental health promotion, evaluation, treatment, and rehabilitation services are accessible statewide. Treatment that is based in the community is both successful and cost effective, as a result of new medications and evidence-based therapies.

Adult Community Programs, primarily comprised of Community Psychiatric Rehabilitation Programs (CPRPs), are administered locally by Community Mental Health Centers (CMHC), including those that are Certified Community Behavioral Health Organizations (CCBHOs). These organizations serve as administrative agents for twenty-five (25) geographically defined service areas. Affiliate programs are also providers of CPRP allowing for expanded access to specialized services for the chronically mentally ill. Services are designed to promote independent living in the least restrictive setting possible. The goal of treatment is recovery. Recovery from behavioral health disorders is defined as a process of change through which individuals improve their health and wellness, live self-directed lives, and strive to reach their full potential. The four goals that support a life in recovery are successfully managing one's illness; having a safe place to live; participating in meaningful daily activities, such as a job or school; and maintaining healthy relationships.

### **NOTES:**

**(1)** The increase in FY 2020 appropriation represents increases for DMH Medicaid eligible utilization, provider rate increase and Prospective Payment System. GR lapse is due to Market Rate Adjustment excess authority, lower spending for the Eating Disorder Council, cancelled trainings and reduced fourth quarter allotments.

**(2)** In FY 2021, \$88M in excess federal authority was reduced. FY 2021 GR lapse is related to the Eating Disorder position that was restricted at the beginning of FY 2021, but later released, position will be filled in FY 2022.

**(3)** In FY 2022, funding for the Certified Community Behavioral Health Organizations was reallocated into a new house bill section.

## PROGRAM DESCRIPTION

<b>Department: Mental Health</b>	<b>HB Section(s): 10.210</b>
<b>Program Name: Adult Community Services</b>	
<b>Program is found in the following core budget(s): Adult Community Programs</b>	
<p><b>1a. What strategic priority does this program address?</b></p> <p>Advance supports for recovery from behavioral health conditions and decrease premature deaths associated with co-morbid conditions, suicide, and other mental health conditions to improve overall mental well-being.</p> <p><b>1b. What does this program do?</b></p> <p>Adult Community Programs are administered locally by Community Mental Health Centers (CMHC), including 15 Certified Community Behavioral Health Organizations (CCBHOs). These organizations serve as administrative agents for twenty-five (25) geographically defined service areas in Missouri. These agencies serve individuals with serious mental illnesses who often have comorbid behavioral and medical conditions, prioritizing individuals who are referred via the following scenarios: discharged from state hospitals, committed by courts in forensic status, under Probation and Parole supervision, that are Medicaid eligible, and/or in crisis.</p> <p>These programs provide a comprehensive treatment and community-based support system, delivering evidence-based, cost-effective behavioral health rehabilitative services. By actively participating in these programs, many individuals with serious mental illness and co-occurring disorders can successfully live and work in the community. They can reduce or avoid repeated, expensive emergency department visits and/or psychiatric hospitalizations.</p> <p>Division of Behavioral Health (DBH) has successfully implemented new technologies to integrate behavioral health and medical care. The Disease Management 3700 project and the Healthcare Home (HCH) initiative have assured the coordination/integration of physical and behavioral health services to individuals with serious mental illness. The results are improved health outcomes and lower healthcare costs.</p> <p>DBH also implemented emergency room enhancement (ERE) projects located in 24 out of 25 service areas of the state with the purpose of developing models of effective intervention for people in behavioral health crises, creating alternatives to unnecessary hospitalization or extended hospitalization. Individuals are referred from local hospital emergency rooms to behavioral health providers for ongoing treatment and care coordination to prevent unnecessary and costly hospital admissions.</p> <p>Fifty (50) new Community Behavioral Health Liaisons (CBHL), also known as Community Mental Health Liaisons (CMHL), will soon be employed at CMHCs and CCBHOs across the state, joining the existing 31 positions; the numbers of these professionals increased due to an exponential growth in demand for such services. The purpose of the CBHL is to assist law enforcement and court systems to link individuals with behavioral health needs to treatment. CBHLs have created partnerships with law enforcement agencies and courts to save valuable resources on unnecessary incarcerations and hospital stays and have improved outcomes on individuals with behavioral health issues.</p>	

## PROGRAM DESCRIPTION

<b>Department:</b> Mental Health	<b>HB Section(s):</b> 10.210
<b>Program Name:</b> Adult Community Services	
<b>Program is found in the following core budget(s):</b> Adult Community Programs	
<b>1b. What does this program do? (Continued)</b>	
<p>Crisis Stabilization Units are opening across the state that offer immediate behavioral health stabilization services. These units help reduce unnecessary hospitalizations and incarcerations because of problematic public behaviors associated with serious mental illnesses and/or substance use disorders.</p> <p>Over the past several years and through the support of several federal grants, DBH has increased its suicide prevention efforts to try to make an impact on the rising trend of suicide deaths. DBH has been increasing intervention and prevention efforts to address associated mental health conditions through public education and trainings. Missouri has expanded its number of National Suicide Prevention Lifeline members, with a goal of statewide coverage in preparation for 988. Through federal grants, targeted interventions are being implemented to address both youth and adult suicidality and related systems of care. The Missouri Suicide Prevention Network (MSPN) was created to bring together experts from around the state to lead statewide suicide prevention efforts and implement the Missouri Suicide Prevention Plan.</p> <p>Funds are used to support a wide array of residential services that include residential care facilities, group homes, and independent supported housing. Provision of these services and supports enable individuals to successfully live and work in their communities. Residential services are provided in the client's community through contractual arrangements. As individuals move into more independent housing alternatives, they require intensive but flexible services and supports in order to maintain that housing. Treating individuals of all ages and with unique needs in community settings requires a variety of residential alternatives. Demand for such services is increasing over time as the number of psychiatric beds declines, but patient acuity worsens.</p> <p>The United States Supreme Court decision in <i>Olmstead v. L.C.</i> stated that unjustified segregation of persons with disabilities constitutes discrimination and is in violation of the Americans with Disabilities Act. States must ensure that individuals with disabilities are served in the least restrictive environments based on their individual needs and choices.</p> <p>As Missouri works to meet the mandates of the <i>Olmstead</i> decision, supportive housing plays a major role. The programs are designed to provide individuals with serious mental illness (SMI) safe housing in combination with the support services needed to be able to live in the most integrated settings possible in a community of their choice.</p>

2a. Provide an activity measure(s) for the program.

**Note:** Increase in client count is due to the CCBHO consumers not previously served with DBH funding.

## PROGRAM DESCRIPTION

Program Name: Adult Community Services	
Program is found in the following core budget(s): Adult Community Programs	

### 2a. Provide an activity measure(s) for the program. (Continued)

**Note:** Unduplicated client count for residential reflects the continued need for assistance to individuals with SMI in their residential placements.

**Note:** This graph represents the number of individuals served in the Disease Management 3700 and Health Care Home services. The Medicaid costs for medical services are reduced with the addition of behavioral health services that coordinate the participant's healthcare. Health and wellness outcomes for the participants are improved. A data reporting issue at a large provider arose in July 2020 and impacted the per member per month counts. The Department of Social Services was not able to update the DMH reports for that month to correct the counts. The issue impacted approximately 4,000 health home participants who were not reflected in the July 2020 numbers.

### Emergency Room Enhancement (ERE) Outcome

ERE Project successfully engages clients in coordinated, wrap-around care. Below are outcomes for those engaged in ERE based upon FY 2021 for quarters 1 thru 3, full year not yet available.

- 61% Reduction in Hospitalizations
- 74% Reduction in ER visits
- 62% Reduction in Unemployment
- 74% Reduction in Homelessness

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

**Note:** Funding for the Certified Community Behavioral Health Organizations was reallocated into a new house bill section.

**4. What are the sources of the "Other " funds?**

For FY 2022, Other includes Mental Health Local Tax Match Fund (MHLTMF) \$2,426,903 and Mental Health Interagency Payment Fund (MHIPF) \$1,310,572

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 632.010.1, 632.010.2(1), 632.050 and 632.055 RSMo.

**6. Are there federal matching requirements? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Community Psychiatric Rehabilitation and Targeted Case Management are MO HealthNet services and require a state match.

**7. Is this a federally mandated program? If yes, please explain.**

The Americans with Disability Act (Supreme Court Ruling in Olmstead vs. LC, 1999) requires states to identify institutional residents who could live in integrated community settings.

Safe and affordable housing is often cited as the number one barrier to individuals entering and staying in recovery. As such, housing is a key part of the treatment and recovery process for individuals with mental illness and substance use disorders. Research has shown that supportive housing has positive effects on housing stability, employment, mental and physical health, and school attendance. Safe and affordable housing will aid in reducing homelessness and the number of opioid overdose related deaths.

**DEPARTMENT REQUEST:**  
One-time funding is requested to address the lack of safe and affordable housing for individuals with mental illness and substance use disorders in Missouri. These funds will provide assistance to treatment, recovery, and housing agencies to pay for pre-development (market study costs, design/architecture costs, survey fees, legal fees, consulting fees, etc.) of new housing units. In addition, the request includes construction and rehabilitation costs, as property improvement makes it more likely that Low Income Housing Tax Credits can be successfully competed for. Every effort will be made to leverage other fund sources, including projects with the Missouri Housing Development Commission.

### 2. CORE DESCRIPTION

The Certified Community Behavioral Health Organization (CCBHO) house bill section was created during the FY 2022 legislative session to ensure transparency regarding services provided by the CCBHO providers. These expenditures have historically come from various house bill sections within the Division of Behavioral Health (DBH) budget: ADA Treatment, Adult Community Programs (ACP), and Youth Community Programs.

Missouri is one of eight states selected by the federal Centers for Medicare & Medicaid Services (CMS) and Substance Abuse and Mental Health Services Administration (SAMHSA) to participate in a demonstration program, co-sponsored by Missouri's Senator Roy Blunt, to implement a Prospective Payment System (PPS) for the purchase of behavioral health services for certain Medicaid beneficiaries. The PPS is an actuarially sound cost-based reimbursement method that replaces the current Medicaid fee-for-service system which provides reimbursement for individual units of service provided. Instead, CCBHOs recognized by the Department of Mental Health (DMH) who are in substantial compliance with federal and state standards for CCBHOs receive a single, fixed payment amount for each day that they provide eligible CCBHO services to a Medicaid-eligible individual. Missouri currently has 15 CCBHOs that are participating in the federal demonstration. The DMH is expanding the number of CCBHOs operating in the State.

CCBHOs are designed to improve the availability, accessibility, and quality of community behavioral healthcare. CCBHOs integrate behavioral health with physical healthcare, while providing a comprehensive array of services that include crisis intervention, screening, treatment, prevention, peer and family support services, and wellness services for individuals with serious mental illnesses and substance use disorders.

## PROGRAM DESCRIPTION

**Department:** Mental Health

**HB Section(s):** 10.211

**Program Name:** ACP Certified Community Behavioral Health Organization

**Program is found in the following core budget(s):** ACP CCBHO

### 1a. What strategic priority does this program address?

Advance supports for recovery from behavioral health conditions and decrease premature deaths associated with co-morbid conditions, suicide, and other mental health conditions.

### 1b. What does this program do?

Certified Community Behavioral Health Organizations (CCBHOs) provide services to adults who have moderate or serious mental illnesses (SMI); youth who have serious emotional disturbances (SED); individuals with mild or moderate mental illnesses and/or substance use disorders (SUD), and complex health conditions.

CCBHOs are required to provide a comprehensive array of services, including psychiatric rehabilitation, healthcare homes, and outpatient mental health (MH) and SUD treatment, which include medication services. CCBHOs must provide timely access to evaluation and treatment; most offer “open access” at many sites. Treatment is patient centered, and includes risk assessment and crisis prevention planning. CCBHOs are required to provide primary care screening and monitoring of key health indicators and health risk. In each service area the CCBHOs must provide crisis mental health services, including a 24-hour crisis line and a mobile response team. CCBHOs provide peer support and family support services.

CCBHOs are required to have a variety of staff to enhance and improve services. CCBHOs provide professional treatment for individuals by employing professionals with expertise and training in evidence-based practices for trauma related disorders, smoking cessation, wellness, suicide prevention, Medication Assisted Treatment, and motivational interviewing. CCBHOs employ Community Behavioral Health Liaisons that assist law enforcement, jails, and courts by facilitating access to behavioral health services. CCBHOs also employ a Medical Director who is a licensed psychiatrist along with licensed mental health professionals who are trained in evidence-based, best, and promising practices, including Cognitive Behavioral therapy, Eye Movement Desensitization and Reprocessing, and Integrated Treatment for Co-occurring Disorders.

A key feature of the CCBHO initiative is a focus on quality and outcomes. The CCBHOs are required to perform successfully on a variety of different outcome measures in this pay-for-performance model. This core funding allows to further shift toward paying for service quality versus service volume.

**NOTE:** Follow-up after hospitalization for mental illness for CCBHO providers is well above the national average for all mental health providers. The national data are from the FFY 2019 Adult Core Set Report, FUH-AD. FY 2021 data not yet available.

**2d. Provide a measure(s) of the program's efficiency.**

**Note:** The percentage of new clients with an initial evaluation within 10 days has increased. The average days until evaluation increased from FY 2019 to FY 2020, but remains lower than the first CCBHO year in FY 2018. FY 2021 data not yet available.

**4. What are the sources of the "Other " funds?**

Not applicable.

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Sections 632.010.1, 632.010.2(1), 632.050 and 632.055 RSMo.

**6. Are there federal matching requirements? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Community Psychiatric Rehabilitation and Targeted Case Management are MO HealthNet services and require a state match.

**7. Is this a federally mandated program? If yes, please explain.**

The Americans with Disability Act (Supreme Court Ruling in Olmstead vs. LC, 1999) requires states to identify institutional residents who could live in integrated community settings.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

One of the more urgent gaps in Missouri's behavioral health system is the limited community capacity to accept individuals with high symptom severity in supportive placements. These individuals have severe and persistent mental illness and sometimes co-occurring disorders of intellectual disability and/or substance use disorders. The behaviors they exhibit because of their illnesses can be harmful to self or others, including swallowing non-food items and inserting objects (i.e., anally or vaginally). This population currently occupies a significant percentage of psychiatric beds in the community, but also tend to get "stuck" in general medical beds because there are no appropriate community options. These individuals are not appropriate nor usually successful in traditional community settings that have been designed and proven effective for relatively stable individuals. When aggressive or self-harming individuals are placed in these settings, often times law enforcement ends up being called and they end up in a hospital with normal placements refusing their return. Missouri is in need of bringing up residential treatment settings that are able to implement intense evidence-based practices (e.g., dialectical behavioral therapy) and wrap-around supports. These services will supplement the community continuum of care and reduce the time spent unnecessarily in hospital beds, use of emergency rooms, the involvement of law enforcement, and faster discharge from the Department of Mental Health's (DMH) forensic inpatient facilities.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

**DEPARTMENT REQUEST:**

The assumption includes 64 new beds at \$235.47 average daily rate for high intensity services for a total amount of \$5,500,580. Also needed is \$3,600,000 start-up costs to get these residential settings established. These are homes to individuals who have a need for high intensity services.

- 6c. Provide a measure(s) of the program's impact.**  
This will provide additional community residential treatment services throughout the state.
- 6d. Provide a measure(s) of the program's efficiency.**  
Community Placement will be more cost effective than hospital inpatient stays.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

These community placements will reduce costs to the state by moving consumers from high cost inpatient settings to receiving outpatient, community-based services in settings equipped to provide them.

Missouri is one of eight states initially selected by the federal Centers for Medicare & Medicaid Services (CMS) and Substance Abuse and Mental Health Services Administration (SAMHSA) to participate in a demonstration program to implement a Prospective Payment System (PPS) for the purchase of behavioral health services for certain Medicaid beneficiaries. The PPS is an actuarially sound, cost-based reimbursement method that replaces the current Medicaid fee-for-service system, which provides reimbursement for individual units of community service provided. Under the demonstration program, community behavioral health organizations recognized by the Department of Mental Health as in substantial compliance with new federal standards for Certified Community Behavioral Health Organizations (CCBHOs) receive a single, fixed payment amount for each day that they provide eligible CCBHO services to a Medicaid-eligible individual.

**3. WHY IS THIS FUNDING NEEDED? (Continued)**

A key feature of the CCBHO initiative is the focus on quality and outcomes. The CCBHOs are required to report on a variety of different outcome measures in this pay-for-performance model. This new decision item will provide funding as payment for quality measures achieved.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

**DEPARTMENT REQUEST:**

**CCBHO 3% Quality Incentive Payment (QIP)** - As part of the CCBHO demonstration project, a Quality Incentive Payment of up to 5% is authorized if a CCBHO meets 6 performance standards. Those include:

- Youth Hospital Follow-Up
- Adult Hospital Follow-Up
- Anti-Psychotic Medication Adherence
- Engagement in Substance Use Disorder (SUD) Services
- Youth Suicide Assessment
- Adult Suicide Assessment

According to the Department of Social Services' McKinsey report for the MO HealthNet transformation initiative, wherein opportunities for system improvement were identified and recommended, "There are opportunities to build upon the success of the primary care initiatives, Accountable Care Organizations (ACOs), bundled payments, and health homes: increasingly link upside initiatives to the outcomes of care, and tie the rewards received to the amount of savings realized."

All 15 CCBHO providers have met the requirements and received the quality incentive payment for FY18, FY19 and FY20 services.

The Division of Behavioral Health (DBH) will also bring up an additional 7 CCBHO providers in FY 2022 that will qualify for the QIP when measures are met. This request includes estimates for those providers as well.

### **NOTES:**

The fees imposed by the courts are set by the Supreme Court. Effective July 1, 2003, pursuant to Supreme Court Operating Rule 21.01, Probate Courts could no longer collect the thirty-five dollar fee for involuntary hospitalizations proceedings that had for many years been charged and subsequently paid by the Department of Mental Health from this appropriation. The Supreme Court Operating Rule 21.01 effective July 1, 2004, once again allows the Probate Court to collect the thirty-five dollar fee, but not in cases where the costs are to be paid by the State.

**(1)** In FY 2020, authority for payments to prosecuting attorneys in certain counties to employ an assistant attorney and investigative or clerical staff was transferred to the Attorney General's Office, Missouri Office of Prosecuting Services. Lapse in GR funding is related to decrease in services due to COVID-19.

### 2. CORE DESCRIPTION

The Department of Mental Health is statutorily mandated to monitor forensic clients acquitted as not guilty by reason of mental disease or defect who are granted a conditional release to the community by the court.

Monitoring is provided by Forensic Case Monitors under the direction of the Director of Forensic Services and the facility Forensic Review Committees. There are twelve Forensic Case Monitors located across the state who oversee 400 forensic clients on court-ordered conditional release. A need for more has been identified due to increasing caseloads.

This item also funds court-ordered pre-trial evaluations by Certified Forensic Examiners as required under Chapter 552, RSMo.

## PROGRAM DESCRIPTION

<b>Department:</b> Mental Health	<b>HB Section(s):</b> 10.220
<b>Program Name:</b> Forensic Support Services	
<b>Program is found in the following core budget(s):</b> Forensic Support Services	
<p><b>1a. What strategic priority does this program address?</b></p> <p>Foster ongoing recovery and self-sufficiency through treatment, habilitation, and integration of community services for Missourians with mental illness and developmental disabilities in state-operated programs.</p> <p><b>1b. What does this program do?</b></p> <p>The Department of Mental Health (DMH) is statutorily mandated to monitor forensic clients acquitted as not guilty by reason of mental disease or defect who are granted a conditional release to the community by the court and those committed as sexually violent predators. Monitoring is a public safety function that is provided by Forensic Case Monitors under the direction of the Director of Forensic Services and the facility Forensic Review Committee. There are twelve Forensic Case Monitors located across the state who oversee 400 forensic clients on court-ordered conditional release statewide.</p> <p>Forensic Case Monitors review the case of each forensic client on conditional release at least monthly, and more often if necessary, to determine compliance with court-ordered conditions of release and to ensure that forensic clients are receiving care and treatment consistent with their needs and the goal of public safety. If the Forensic Case Monitor determines the client has violated court-ordered conditions of release or needs inpatient psychiatric treatment, the client may be voluntarily admitted back to the state facility or the Director of Forensic Services may issue an order returning the client to inpatient treatment and initiate proceedings to revoke the conditional release. The Forensic Case Monitors must also testify at court proceedings and revocation hearings and must educate community providers about forensic and public safety issues.</p> <p>DMH, upon order of the Circuit Court, provides pretrial evaluations on issues of competency to stand trial and criminal responsibility. DMH requires that evaluations be completed by Certified Forensic Examiners who must hold doctorate degrees in medicine, osteopathy or psychology and who must complete required supervision and training. This certification process is the responsibility of the Director of Forensic Services.</p>

## 2. CORE DESCRIPTION

Youth Community Programs core item is to fund an array of treatment interventions for youth experiencing serious emotional disturbance (SED) residing in the community. Children and youth with SED and acute psychiatric needs are the primary clients that receive services funded by Youth Community Programs. An estimate of prevalence from a January 2018 analysis<sup>1</sup> shows approximately ten percent (10%) of all Missouri children, or 137,058 children, based upon the 2019 population estimates, could experience SED. Based upon a conservative presentation rate of fifty percent (50%) of children experiencing SED, some 68,529 children may need services from the public mental health authority. However, in FY 2021 only 22,572 children received Division of Behavioral Health services, leaving an estimated 45,957 children unserved.

## PROGRAM DESCRIPTION

<b>Department:</b> Mental Health	<b>HB Section(s):</b> 10.225
<b>Program Name:</b> Youth Community Services	
<b>Program is found in the following core budget(s):</b> Youth Community Programs	
<p><b>1a. What strategic priority does this program address?</b></p> <p style="margin-left: 20px;">Strengthen and integrate community services and advance supports for youth with a serious emotional disturbance.</p> <p><b>1b. What does this program do?</b></p> <p style="margin-left: 20px;">Twenty percent (20%) of youth live with a mental health condition and fifty percent (50%) of all lifetime cases of mental illness begin by the age of 14 years. Ignoring mental health conditions in childhood can have lasting adverse effects on the individual's functioning and mental, physical, social, emotional, or spiritual well-being as adults.</p> <p style="margin-left: 20px;">Funding supports a comprehensive array of services that are developmentally appropriate including crisis intervention, medication management, family counseling, evidence based interventions, and residential out-of-home placement.</p> <p style="margin-left: 20px;">The program provides services to children with a serious emotional disturbance to maximize functioning, reduce symptoms, promote family integration, and improve school attendance. Since many of these youth have experienced traumatic events, appropriate trauma focused evidenced based practices and supports are provided to the youth/families.</p> <p style="margin-left: 20px;">For most children with a serious emotional disturbance served by the Division of Behavioral Health (DBH), their mental health needs can be addressed in their home environment. But for a small number of children, due to the severity of their mental illness, they cannot be maintained in the home and a temporary out-of-home placement is required. Out-of-home placement is a setting with 24 hour monitoring and oversight; specific planned activities for children; and individual and group treatment. Out-of-home placements vary as far as their restrictiveness level from least restrictive to more restrictive and the determinant of restrictiveness is based on the child's mental health condition. The least restrictive environment is a Treatment Family Home (TFH) with the next level being a Professional Parent Home (PPH), and then residential services. Beyond residential, inpatient is the most restrictive level of placement.</p> <p style="margin-left: 20px;">TFH consists of trained and qualified individuals who work with children in their own home. The goal of this service is to reunite children with their families whenever possible. Treatment parents receive over 40 hours of training. Up to three children can be placed in each TFH. PPH consists of trained and qualified professionals serving only one child at a time in their home, due to the severity of the child's needs. The parenting role is the sole employment for these parents. They are required to complete 40 hours of basic training as well as an enhanced training package.</p> <p style="margin-left: 20px;">Over the past several years and through the support of several federal grants, DBH has increased its suicide prevention efforts to try to make an impact on the rising trend of suicide deaths. DBH has been increasing intervention and prevention efforts to address associated mental health conditions through public education and trainings. Missouri has expanded its number of National Suicide Prevention Lifeline members, with a goal of statewide coverage in preparation for 988. Through federal grants, targeted interventions are being implemented to address both youth and adult suicidality and related systems of care. The Missouri Suicide Prevention Network (MSPN) was created to bring together experts from around the state to lead statewide suicide prevention efforts and implement the Missouri Suicide Prevention Plan.</p>	

## PROGRAM DESCRIPTION

**Department:** Mental Health **HB Section(s):** 10.225  
**Program Name:** Youth Community Services  
**Program is found in the following core budget(s):** Youth Community Programs

2a. Provide an activity measure(s) for the program.

2b. Provide a measure(s) of the program's quality.

**Note:** Increase in response is due to Certified Community Behavioral Health Organizations (CCBHOs) requirements.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.225

Program Name: Youth Community Services

Program is found in the following core budget(s): Youth Community Programs

2c. Provide a measure(s) of the program's impact.

**Note:** This graph shows a decrease in ER visits and hospitalization days for youth after starting in a CPR program. Only youth with no history of CPR service for the year prior to admission are included. The number of youth represented in this chart is 2,594.

2d. Provide a measure(s) of the program's efficiency.

**Note:** Average costs per client in Hawthorn's Children's Psychiatric Hospital continues to increase as a result of the acuity level of the child client base requiring more one-to-one supervision. In addition, average lengths of stay for children with complex needs has increased by approximately 10 to 15 days for the community.

## PROGRAM DESCRIPTION

Department: **Mental Health**

HB Section(s): **10.225**

Program Name: **Youth Community Services**

Program is found in the following core budget(s): **Youth Community Programs**

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Note: Funding for the CCBHOs was reallocated into a new house bill section.

**4. What are the sources of the "Other" funds?**

In FY 2022, Other includes Mental Health Local Tax Match Fund (MHLTMF) - \$1,406,879 and Mental Health Interagency Payment Fund (MHIPF) - \$600,000

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program #, if applicable.)**

Sections 630.405 - 630.460, 632.010.2(1), 632.050 and 632.055, RSMo.

**6. Are there federal matching requirements? If yes, please explain.**

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Community Psychiatric Rehabilitation and Targeted Case Management are MO HealthNet services and require a 40% state match.

**7. Is this a federally mandated program? If yes, please explain.**

No. However, the Community Mental Health Services Block Grant requires children's expenditures to continue to meet their MOE requirement. In addition, 10% must be spent on young adults, 16 to 25 years of age, experiencing early serious mental illness, including psychotic disorders.

### 2. CORE DESCRIPTION

The Certified Community Behavioral Health Organization (CCBHO) house bill section was created during the FY 2022 legislative session to ensure transparency regarding services provided by the CCBHO providers. These expenditures have historically come from various house bill sections within the Division of Behavioral Health (DBH) budget: ADA Treatment, Adult Community Programs (ACP), and Youth Community Programs.

Missouri is one of eight states selected by the federal Centers for Medicare & Medicaid Services (CMS) and Substance Abuse and Mental Health Services Administration (SAMHSA) to participate in a demonstration program, co-sponsored by Missouri's Senator Roy Blunt, to implement a Prospective Payment System (PPS) for the purchase of behavioral health services for certain Medicaid beneficiaries. The PPS is an actuarially sound cost-based reimbursement method that replaces the current Medicaid fee-for-service system which provides reimbursement for individual units of service provided. Instead, CCBHOs recognized by the Department of Mental Health (DMH) who are in substantial compliance with federal and state standards for CCBHOs receive a single, fixed payment amount for each day that they provide eligible CCBHO services to a Medicaid-eligible individual. Missouri currently has 15 CCBHOs that are participating in the federal demonstration. The DMH is expanding the number of CCBHOs operating in the State.

CCBHOs are designed to improve the availability, accessibility, and quality of community behavioral healthcare. CCBHOs integrate behavioral health with physical healthcare, while providing a comprehensive array of services that include crisis intervention, screening, treatment, prevention, peer and family support services, and wellness services for individuals with serious mental illnesses and substance use disorders.

## PROGRAM DESCRIPTION

**Department:** Mental Health

**HB Section(s):** 10.226

**Program Name:** YCP Certified Community Behavioral Health Organization

**Program is found in the following core budget(s):** YCP CCBHO

### 1a. What strategic priority does this program address?

Strengthen and integrate community services and advance supports for youth with a serious emotional disturbance.

### 1b. What does this program do?

Certified Community Behavioral Health Organizations (CCBHOs) provide services to adults who have moderate or serious mental illnesses (SMI); youth who have serious emotional disturbances (SED); individuals with mild or moderate mental illnesses and/or substance use disorders (SUD), and complex health conditions.

CCBHOs are required to provide a comprehensive array of services, including psychiatric rehabilitation, healthcare homes, and outpatient mental health (MH) and SUD treatment, which include medication services. CCBHOs must provide timely access to evaluation and treatment; most offer “open access” at many sites. Treatment is patient centered, and includes risk assessment and crisis prevention planning. CCBHOs are required to provide primary care screening and monitoring of key health indicators and health risk. In each service area the CCBHOs must provide crisis mental health services, including a 24-hour crisis line and a mobile response team. CCBHOs provide peer support and family support services.

CCBHOs are required to have a variety of staff to enhance and improve services. CCBHOs provide professional treatment for individuals by employing professionals with expertise and training in evidence-based practices for trauma related disorders, smoking cessation, wellness, suicide prevention, Medication Assisted Treatment, and motivational interviewing. CCBHOs employ Community Behavioral Health Liaisons that assist law enforcement, jails, and courts by facilitating access to behavioral health services. CCBHOs also employ a Medical Director who is a licensed psychiatrist along with licensed mental health professionals who are trained in evidence-based, best, and promising practices, including Cognitive Behavioral therapy, Eye Movement Desensitization and Reprocessing, and Integrated Treatment for Co-occurring Disorders.

A key feature of the CCBHO initiative is a focus on quality and outcomes. The CCBHOs are required to perform successfully on a variety of different outcome measures in this pay-for-performance model. This core funding allows to further shift toward paying for service quality versus service volume.

## PROGRAM DESCRIPTION

2a. Provide an activity measure(s) for the program.

**Note:** These data show that CCBHO providers are serving more Missouri youth.

2b. Provide a measure(s) of the program's quality.

## PROGRAM DESCRIPTION

Department: **Mental Health**

HB Section(s): **10.226**

Program Name: **YCP Certified Community Behavioral Health Organization**

Program is found in the following core budget(s): **YCP CCBHO**

### 2c. Provide a measure(s) of the program's impact.

**Note:** This measure shows the rates at which CCBHO providers perform a qualifying 30 day follow-up after a hospitalization for serious emotional disturbance for youth consumers. These data show that the CCBHO rate is well above the national average for all mental health provider types. The national data is from the FFY 2019 Child Core Set, FUH-CH. FY 2021 data not yet available.

### 2c. Provide a measure(s) of the program's impact.

**Note:** This measure shows the rate at which CCBHO providers maintain medication compliance for youth prescribed medication for Attention Deficit Hyperactivity Disorder for at least 210 days and follow-up with at least two medication related appointments during the maintenance phase. The national rate is for all mental health provider types. The national data is from the FFY 2019 Child Core Set, FUH-CH. FY 2021 data not yet available.

## PROGRAM DESCRIPTION

2d. Provide a measure(s) of the program's efficiency.

**Note:** The percentage of new clients with an initial evaluation within 10 days has increased. The average days until evaluation increased from FY 2019 to FY 2020, but remains lower than the first CCBHO year in FY 2018. FY 2021 data not yet available.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

**Note:** This house bill was newly created during the FY 2022 legislative session.

### 2. CORE DESCRIPTION

This core item funds medication and medication-related services for people with serious mental illnesses, both in our facilities and within community-based programs, who could not otherwise afford them. Psychiatric medication is a vital part of treatment for mental illness. New medications that are more effective and produce fewer side effects are developing rapidly. Individuals are more likely to take improved medications, and thus experience better outcomes such as reduced symptoms and improved social functioning.

Approximately 80% of the individuals served by the Division of Behavioral Health (DBH) specifically for the treatment of severe and persistent mental illness have their medication costs covered through MO HealthNet. For almost all uninsured clients receiving mental health services, the cost of seeing a psychiatrist and buying medications is a major barrier to accessing needed services. Without these medical interventions, most would see an increase in the occurrence and severity of symptoms of mental illness, potentially leading to homelessness, incarceration, suicide, and other negative outcomes.

Medication is an essential treatment component for persons with serious mental illness and substance use disorders. State facilities, as well as community providers, are facing growing costs for medications. Additional funds for medication cost increases are needed to assure effective treatment.

This decision item requests funding for the ongoing inflation of pharmaceuticals. This increase can be attributed to the rising cost of drug ingredients; increase in units per prescription; cost of new, expensive medications; and utilization increases. The inflation rate requested in this decision item is identical to the inflation rate requested by MO HealthNet Division for pharmacy.

### 2. CORE DESCRIPTION

The Division of Behavioral Health (DBH) is responsible for ensuring that prevention, evaluation, treatment, and rehabilitation services are accessible to Missouri citizens requiring such services. This item funds the five (5) adult psychiatric inpatient hospitals operated by DBH. These hospitals provide competency restorations, inpatient and residential care to forensic individuals committed by the criminal courts and to individuals civilly committed by the probate courts who are involved in the criminal justice system and require a high security environment. The five adult inpatient facilities are as follows:

- Fulton State Hospital (including Sex Offender Rehabilitation and Treatment Services)
- Northwest Missouri Psychiatric Rehabilitation Center
- St. Louis Forensic Treatment Center-South (formerly St. Louis Psychiatric Rehabilitation Center) and St. Louis Forensic Treatment Center-North (formerly Metropolitan St. Louis Psychiatric Center)
- Southeast Missouri Mental Health Center (including Sex Offender Rehabilitation and Treatment Services)
- Center for Behavioral Medicine

### 3. PROGRAM LISTING (list programs included in this core funding)

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

### **NOTES:**

**(1)** Funding was appropriated to open a step-down SORTS unit at Fulton to be ready to receive any individual ordered by the court to be placed in step-down. Because no order for placement has yet been issued, this ward did not open in FY 2019, FY 2020 or FY 2021, and the corresponding authority was placed in agency reserve and lapsed.

**(2)** Lapse in GR funding for FY 2020 is due to Market Rate Adjustment excess authority, expenses covered with COVID-19 funding, and reduced fourth quarter allotments.

## PROGRAM DESCRIPTION

<b>Department:</b> Mental Health	<b>HB Section(s):</b> 10.300, 10.305, 10.310, 10.315,
<b>Program Name:</b> State Operated Adult Facilities	10.320
<b>Program is found in the following core budget(s):</b> Adult Inpatient Facilities	
<p><b>1a. What strategic priority does this program address?</b></p> <p style="padding-left: 40px;">Provide inpatient treatment program for adults with complex mental illnesses.</p> <p><b>1b. What does this program do?</b></p> <p style="padding-left: 40px;">State operated adult facilities provide inpatient hospitalization and psychiatric treatment for individuals with serious mental illness. The facilities serve forensic individuals committed by the criminal courts and individuals civilly committed by the probate courts who are involved in the criminal justice system and require a high security environment. These individuals present a danger to themselves or others and cannot be effectively treated in a less restrictive environment.</p> <p style="padding-left: 40px;">The forensic program provides psychiatric evaluation, care and treatment for mentally ill individuals ordered into the system by the Circuit Courts. The forensic program requires not only the specialized knowledge and services needed for working with individuals with serious mental illness, but also specialized knowledge of the more structured procedural issues surrounding interaction with the judicial system. This highly specialized service provides the capability of evaluation and treatment in a secure environment.</p> <p style="padding-left: 40px;">The Division of Behavioral Health (DBH) has a full range of secured treatment settings in order to effectively treat forensic clients and to ensure public safety in accordance with Chapter 552, RSMo. These settings are provided through various applications of secured perimeters, including inside and outside containment, internal security systems, escort requirements and security staffing. Services are provided with the desired goal of progressive movement from a highly structured living situation to a less structured living situation. In this manner, people are given the opportunity to move through a system specifically designed to provide them with an accompanying increased emphasis on demonstrated acceptable standards of behavior.</p> <p style="padding-left: 40px;">The Department of Mental Health (DMH) has seen a steadily increasing number of individuals who have been referred by the criminal courts as not competent to stand trial for competency restoration. This increase is resulting in hospitals operating at or over existing capacity and individuals waiting in jails for beds to open up.</p>

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.300, 10.305, 10.310, 10.315,

Program Name: State Operated Adult Facilities

10.320

Program is found in the following core budget(s): Adult Inpatient Facilities

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

In FY 2022, Other includes Mental Health Trust Fund (MHTF) - \$80,998

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Sections 632.010.2 and 632.010.2(1), RSMo.

6. Are there federal matching requirements? If yes, please explain.

Inpatient facilities provide General Revenue (GR) match for MO HealthNet eligible services through the certification of GR expenses, so no additional match is required. Also, the cost associated with the operation of the DBH hospitals significantly impacts the reimbursement made by MO HealthNet under the federal disproportionate share hospital requirements.

7. Is this a federally mandated program? If yes, please explain.

The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Outpatient services in the state facilities' budgets are captured in the MOE calculation.

**1a. What strategic priority does this program address?**

Provide inpatient treatment program for adults with complex mental abnormalities.

**1b. What does this program do?**

The state-operated Sex Offender Rehabilitation and Treatment Services (SORTS) provides treatment to change the person's mental abnormality so that the person is not likely to commit acts of sexual violence if released. The SORTS provides appropriate treatment and housing for individuals adjudicated by the courts as sexually violent predators. With passage of the Sexually Violent Predator law, which was effective January 1, 1999, the Missouri General Assembly mandated that individuals adjudicated by the court as sexually violent predators be committed indefinitely to the custody of the Director of the Department of Mental Health for "control, care and treatment until such time...that the person is safe to be at large". In order for such commitments to pass constitutional scrutiny, the Department must provide care and treatment that is consistent with existing professional standards and practice, and federal case law. The law also requires that individuals committed for treatment as sexually violent predators be kept in a secure facility and housed separately from Department of Corrections inmates and from other mental health clients who have not been found to be sexually violent predators.

The current SORTS program is operated within two Division of Behavioral Health (DBH) facilities, Southeast Missouri Mental Health Center (SEMO) and Fulton State Hospital.

The SORTS program is responsible for preparing clients for community reintegration. If clients are provided a conditional release by the probate court, the program is also responsible for facilitating the transition into the community and for communication with community providers, Probation and Parole, and DBH Forensic Case Monitors who provide community supervision.

In addition to the housing and treatment of individuals committed under this statute, the Department provides a psychiatrist and/or a psychologist to participate in the Multidisciplinary Team to assist the Prosecutor's Review Committee in determining whether an individual may meet the definition of a sexually violent predator. Furthermore, the Department is required to provide a psychiatrist or psychologist to evaluate each individual for whom the court finds probable cause to believe the person is a sexually violent predator. Finally, the Department must provide the committing court an annual report regarding the committed person's mental condition.

Of all individuals served by the Department of Mental Health (DMH) and it's network of providers, the most challenging population in terms of successful community integration and housing stability are those with diagnoses of both developmental or intellectual disabilities (DD or ID), and mental illness (MI). Sometimes, these individuals also have substance use disorders. According to the National Association of State Directors of Developmental Disabilities Services and the Human Services Research Institute, it is estimated that approximately one-third (32.9%) of the total number of individuals with intellectual and developmental disabilities served by state developmental disability (DD) agencies nationwide have a co-occurring mental illness. Serving these individuals successfully requires a more advanced training and higher staff to client ratios. When these individuals struggle in the community, law enforcement is frequently contacted and the person enters the criminal justice system or community hospitals. They are often not welcome back to their prior placement settings, meaning they are stuck in jail or a hospital setting -- neither of which can appropriately help them with their symptoms. Therefore, stabilization in higher security settings with well-trained staff may be necessary to assure their own safety and the safety of community providers.

**3. WHY IS THIS FUNDING NEEDED? (continued)**

Point in time data for August 2021 reflected the following:

- \* 25 such individuals were in a hospital, emergency room, or jail, awaiting placement
- \* 5 additional individuals in other settings awaiting emergency placement
- \* 110 individuals with DD/MI diagnoses recently accessed a Missouri hospital for a psychiatric/behavioral emergency.

Funding is requested for a new 15 bed inpatient unit at Fulton State Hospital to provide inpatient psychiatric care to persons from the community with co-occurring diagnoses of mental illness and developmental disability and who are in need of psychiatric hospitalization and behavioral stabilization. This unit will provide the multi-disciplinary team necessary to address the complex clinical and behavioral challenges posed by these individuals.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

**DEPARTMENT REQUEST:**

The request is based on 12 months of funding for the new unit. The staffing levels required for inpatient care, treatment and oversight are based on existing inpatient psychiatric care provided in DMH State-operated inpatient settings. Specialized services required by this population, including work therapy, occupant therapy, and positive behavioral supports, were also taken into account with staffing levels.

**6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)**

- 6a. Provide an activity measure(s) for the program.**  
As of August 2021, there are currently 30 dually diagnosed individuals in the hospital, jail, or other setting awaiting placement for services. This funding would create 15 new beds available for those awaiting services.
- 6b. Provide a measure(s) of the program's quality.**  
Consumers receiving services at Fulton State Hospital would participate in the patient experience of care surveys conducted by the hospital. Data collected during the survey process would be integrated with the hospital's overall satisfaction data.
- 6c. Provide a measure(s) of the program's impact.**  
Decreased individuals waiting for placement for services.
- 6d. Provide a measure(s) of the program's efficiency.**  
To decrease the time individuals have to wait for placement for services.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

Hire additional staff to open and operate a 15 bed unit to lessen the placement wait time for dually diagnosed consumers.

Facilities are required by accreditation and certification to provide appropriate patient care as well as necessary medical care. Consumers in state facilities, like the general population, are facing growing costs for medical care. These increased costs have severely eroded facility expense and equipment budgets. This decision item requests funding for the ongoing inflationary costs to provide medical care to consumers.

## 3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

State facilities providing inpatient services are facing growing costs for food. State facilities must comply with dietary standards adopted by the federal government which require providing a minimum number of servings of fruits and vegetables per day. Inflationary costs make it difficult to meet the federal government requirements and special dietary needs of the population served.

The Department of Mental Health (DMH) is statutorily required to provide care and treatment for individuals found by the courts to be incompetent to proceed to trial. Over 100 individuals are consistently on the wait list in jails across the state, unable to gain access to DMH services in a timely fashion for restoration of competency. While waiting, many are inadequately treated, with their psychiatric condition deteriorating, presenting a clear and present danger to themselves and officers in the jail environments, with risks of self-injury, suicide and assault. When admission is finally possible, the level of psychiatric acuity upon admission is severe, resulting in risks of injury to staff at St. Louis Forensic Treatment Center - North (FTC-N). Many clients' level of deterioration is such that even with the best treatment, return to baseline functioning is not assured. Approximately 15% (12 month average) of the individuals will go on to be found permanently incompetent rather than successfully resolving their criminal proceedings, resulting in increased costs to the state due to the need for continued hospitalization in DMH facilities. As a result, there is a clear and present risk of potential legal action to the DMH and the State of Missouri, resulting in possible civil liability and the Department of Justice involvement.

In addition, a Certified Forensic Examiner is needed to complete competency restoration evaluations and assist in completion of pre-trial evaluations for the service area which includes 32 counties and St. Louis City.

**DEPARTMENT REQUEST:**

This item provides for a 25-bed expansion at St. Louis Forensic Treatment Center - North (FTC-N) to meet the demand for court ordered treatment. This request is based on 12 months of funding for the additional ward. FTE's are based on staffing patterns on the other two units within FTC-N. This includes one-time funding for medical equipment such as medication cart, chart caddy, phones, crash cart, stretcher, suction machine, etc. based on current pricing. In addition, funding will support a Certified Forensic Examiner to assist in competency restoration evaluations.

<b>2. CORE DESCRIPTION</b>																																																																																											
<p>This core item funds the operation of Hawthorn Children's Psychiatric Hospital which provides psychiatric hospital inpatient and residential services to children and youth with Severe Emotional Disturbances (SED) or acute psychiatric needs. An estimate of prevalence from a January 2018 analysis* shows approximately ten percent (10%) of all Missouri children, or 137,058 children, based upon the 2019 population estimates, could experience SED.</p> <p>In response to growing referrals from social service agencies and families, the children's facility operated by the Division of Behavioral Health (DBH) is treating children with more challenging, complex, and ingrained behaviors. Many of these children are dually diagnosed with intellectual disabilities, requiring enhanced safety measures, staffing patterns and skills. In addition, many if not most of the children seeking services have experienced multiple traumatic events requiring an extensive comprehensive assessment and specific trauma focused evidence-based interventions.</p> <p>This facility is the only one of its kind in the state and serves children and youth that cannot be treated elsewhere.</p> <p><small>* Williams, N. ## PROGRAM DESCRIPTION

<b>Department:</b> Mental Health	<b>HB Section(s):</b> 10.325
<b>Program Name:</b> State Operated Children's Facility	
<b>Program is found in the following core budget(s):</b> State Operated Children's Facility	

**1a. What strategic priority does this program address?**

Provide treatments, habilitation and support services to individuals in state-operated programs.

**1b. What does this program do?**

Hawthorn Children's Psychiatric Hospital (HCPH) is a Joint Commission accredited 44 bed psychiatric facility that provides inpatient and residential treatment programs for children 6-18 years of age who have acute and severe psychiatric problems. HCPH is the only facility of its kind in the state. HCPH uses an interdisciplinary team approach to address the medical, psychological, social, educational, vocational and recreational needs of the child. This involvement may include family counseling and parent training designed to complement services the child receives. The goal is to enable the child to reach their full potential and return to the community.

An inpatient placement is the most restrictive setting on the children's continuum of care.

**2a. Provide an activity measure(s) for the program.**

**Note:** This graph represents an unduplicated count of clients served. The decline of client count is directly associated with the increasing lengths of stay for children/youth served with a higher clinical acuity levels along with the temporary closure of beds as a result of required heating, ventilation, and air conditioning (HVAC) renovations at the facility. Beds are scheduled to re-open in FY 2022. FY 2021 also saw a reduced census due to concerns with COVID.

## PROGRAM DESCRIPTION

Department: **Mental Health**

HB Section(s): **10.325**

Program Name: **State Operated Children's Facility**

Program is found in the following core budget(s): **State Operated Children's Facility**

2b. Provide a measure(s) of the program's quality.

**Note:** The two graphs above represent the percent of clients at discharge or annual review who respond positively to the Client Perception of Outcomes and Facility Environment domains on the Inpatient Consumer Survey. The national mean includes all adult and children's facilities reporting. *Target: Base - Exceed national mean; Stretch - 85%*

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.325

Program Name: State Operated Children's Facility

Program is found in the following core budget(s): State Operated Children's Facility

2c. Provide a measure(s) of the program's impact.

**Note:** Readmission rates are reported through the Uniform Reporting System (URS). URS data is only available through 2020. This graph represents the 30 day readmission rate for Missouri compared to the national average for readmission of consumers to a state hospital after 30 days. *Target: To be below the national rate. Stretch: 0%*

The large number of readmissions for Hawthorn in FY 2018 was the result of multiple medically related hospitalizations for a small number of consumers during the reporting year. When a consumer is sent for medical treatment a discharge occurs and readmitted upon their return.

2d. Provide a measure(s) of the program's efficiency.

**Note:** Revenues represent all third party reimbursements and the 60% federal reimbursement for DSH claim. Expenditures do not include fringe.

2d. Provide a measure(s) of the program's efficiency. (Continued)

**Note:** Cost per bed day is increasing due the acuity of patients requiring higher staffing ratios and the temporary reduction in the number of beds available.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

4. What are the sources of the "Other " funds?

None.

<p><b>5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)</b> Sections 632.010.1 and 632.010.2(1), RSMo.</p> <p><b>6. Are there federal matching requirements? If yes, please explain.</b> Inpatient facilities provide General Revenue (GR) match for MO HealthNet eligible services through the certification of GR expenses - no additional match is required. Also, the cost associated with the operation of Hawthorn significantly impacts the reimbursement made by MO HealthNet under the federal disproportionate share hospital (DSH) requirements.</p> <p><b>7. Is this a federally mandated program? If yes, please explain.</b> The federal Community Mental Health Services Block Grant requires that the state maintain an aggregate level of general revenue spending for mental health services that is greater than or equal to the average of the past two years. (This is called the "Maintenance of Effort," or MOE, requirement.) Outpatient services in the state facilities' budgets are captured in the MOE calculation.</p>

- (3) FY 2020 Appropriation amount includes \$700,000 federal authority appropriated for a timekeeping system for state-operated services. The majority of the funding lapsed in FY 2020 due to delays with the project.
- (4) FY 2021 Appropriation amount includes \$720,000 in CARES Act Funds which were appropriated to DMH/Division of DD for telehealth services; however this appropriation in DMH's budget is not being used as telehealth expenses are utilizing a CARES Act Fund in House Bill 8 instead.
- (5) FY 2022 Appropriation amount includes \$4,464,000 in one-time funding for DMH/Division of DD for telehealth services as well as a one-time reduction of \$720,000 for unused telehealth authority appropriated in the FY 2021 Budget.

- The Federal Programs Unit oversees the operation of all Division of DD federal programs, ensuring compliance with federal guidelines in an effort to safeguard funding for supports and services of individuals served by the Division of DD. The Federal Programs Unit develops and monitors four Home and Community Based Waivers (DD Comprehensive Waiver, Community Support Waiver, Missouri Children with Developmental Disabilities Waiver (MOCDD), and Partnership for Hope Waiver) as well as other MO HealthNet programs.
- Quality Enhancements is responsible for developing and implementing a formal process, structure, and format for policy promulgation for quality assurance within the Division of DD. This section also oversees the development and implementation of a continuous cycle of integrated quality assurance and improvement functions, which are designed to assess the service delivery process, improve service outcomes, and enhance the quality of life for individuals with developmental disabilities.
- The Office of Autism Services enhances the Division of DD's efforts to meet the needs of individuals with Autism Spectrum Disorders (ASD) and their families. The Office of Autism Services also provides staffing support for the Missouri Commission on Autism Spectrum Disorders. ### 2c. Provide a measure(s) of the program's impact.

- Assessments completed on time to support appropriate residential rates.

Note: The Division of DD uses a Rate Allocation Score (RAS) to determine residential rates. The Supports Intensity Scale (SIS) is a tool developed by American Association on Intellectual and Developmental Disabilities (AAIDD) that measures the individual's support needs in personal, work-related, and social activities in order to identify and describe the types and intensity of the supports an individual requires. SIS assessments are completed every three years at a minimum for individuals receiving residential services. The Division of DD began using the SIS in FY 2014 to set residential rates on an individual basis. Starting in FY 2022, the Missouri Adaptive Ability Scale (MAAS) replaces the SIS for setting residential rates on an individual basis.

### 2. CORE DESCRIPTION

The Division of Developmental Disabilities (DD) worked with the MO HealthNet Division to implement a new Federal funding stream authorized in Senate Bill 1081, which was signed into law on June 25, 2008 (Chapter 633, Section 633.401, RSMo). The legislation allows the state to implement a provider assessment on all Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID). The legislation allows the state to impose a 5.95% provider assessment on operating revenues of both private and state operated ICF/IID facilities. As a result, this core consists of \$6.2 million GR funding to pay the tax for state-operated ICF/IID programs.

In July 2015, state habilitation centers began to deposit room and board funds for residents of habilitation centers into a new fund called Habilitation Center Room and Board Fund. This core contains \$3.4 million in appropriation authority for these habilitation center room and board receipts. Once the funds are received and deposited, habilitation centers will spend the funds on expense and equipment purchases to support residents of the habilitation centers.

- (1) Lapse amounts for GR funds occurred as a result of actual calculated provider assessment amounts for given year being less than the appropriated general revenue amount.
- (2) In Fiscal Years 2019 through 2021, the lapse amount occurred in Habilitation Center Room and Board funds as a result of the level of cash received to support funding authority.
- (3) In FY 2019, the appropriation for the ICF/IID provider tax includes a core reduction in the amount of \$500,000 due to excess authority.
- (4) In FY 2020, the appropriation for the ICF/IID provider tax includes a supplemental in the amount of \$200,000 due to projected shortfall.

2. CORE DESCRIPTION
<p>The primary mission of the Division of Developmental Disabilities (DD) community programs is to provide the supports necessary to enable persons with developmental disabilities to remain connected to their parents, families, school, and community. The Division of DD operates a community-based service delivery system through its regional offices for persons with developmental disabilities. The regional offices utilize core funding to contract with community providers who provide in-home supports, residential services, autism supports, and other specialized services to individuals who are able to choose their own service provider. The support services allow individuals to live in their community and stay connected with their family and live in their least restrictive environment. In addition, this core contains some personal services funds, as well as expense and equipment funds, which are used to support staff who are responsible for oversight of community programs funding.</p>

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.410, 10.413, 10.555

Program Name: In-Home Supports

Program is found in the following core budget(s): DD Community Programs

### 1a. What strategic priority does this program address?

Supporting independence and self-sufficiency of Missourians with developmental disabilities by increasing employment rates and fostering self sufficiency, building systems of positive behavior supports, and increasing the use of technology to foster increased levels of independence.

### 1b. What does this program do?

The Division of Developmental Disabilities (DD) provides on-going supports to individuals and their families to enable persons with developmental disabilities to live in their communities. These supports are provided for 15,482 individuals who reside in their own home or with family. This program allows families who have made a personal and financial commitment to care for their children and adults in their homes to be supported in their care-giving and decision-making roles. In-home supports include, but are not limited to; respite, transportation, personal assistance, day habilitation, community integration, employment training and support, autism parent training, behavior services, etc.

The goal of in-home supports is to preserve the natural family structure through an individualized service plan. This service plan identifies state services needed as well as generic supports available at the local level, giving families a choice in selecting support services which meet their needs, allowing consumers and families to participate in their community and access employment.

These supports are funded by a combination of state and federal funds through four separate Medicaid Waivers administered by the Division of DD and the MO HealthNet Division in the Department of Social Services.

- The Comprehensive Waiver for persons with developmental disabilities, which began in FY 1989, is the only Medicaid Waiver which provides for residential services and supports in settings such as group homes and supported living. In FY 2021, 8,513 individuals were served through the Comprehensive Waiver, of which 7,380 received residential services. The remaining 1,133 lived on their own or with family. Until other waivers were available, this waiver served all eligible individuals. Currently, only individuals deemed in crisis need for residential services are enrolled in this waiver.

- The Community Support Waiver which began in July 2003, serves individuals who do not require residential placement outside of their natural home. This waiver provides a wide range of supports for individuals. The total cost of waiver services required to meet the person's needs must not exceed \$28,000 annually except in special circumstances. Individuals presenting to the division who require a high level of support, but do not need residential, are assigned to the Community Support Waiver. In FY 2021, 4,127 individuals were served in the Community Support Waiver.

- The Missouri Children's Developmental Disabilities Waiver (MOCDD Waiver) targets children under the age of 18 with special needs. MO HealthNet guidelines require parental income and resources to be considered in determining the child's financial eligibility for MO HealthNet when the child lives in the home with the parents. This requirement, called deeming parental income to the child, is waived for children who participate in the MOCDD Waiver. As a result, only income and resources that are specific to the child are considered when determining financial eligibility for this waiver. In FY 2021, 329 individuals were served in this waiver.

- The Partnership for Hope (PfH) Waiver is a county-based waiver approved in October 2010. State match costs are split 50/50 with the county in which the individual resides. Services are available only in counties with a Senate Bill 40 Board (SB40) and who have agreed to participate in this waiver. PfH served 2040 individuals in FY 2021. The total cost of waiver services required to meet the person's needs must not exceed \$12,362 annually, or \$15,000 annually if an exception is granted.

### 2a. Provide an activity measure(s) for the program. (Continued)

- Percent of Waiver Participants Self-Directing their own services, thereby increasing self-sufficiency and community inclusion, and avoiding out of home placement and other segregated services.

Note: In FY 2021, Missouri had 15.2% of waiver participants self-directing services. The FY 2022 goal is 16.6%, and the national best-practice standard is 23%. Fifteen states report at least 10% of individuals using self-directed services, according to the NCI survey of 44 states. Nine states report at least 20% being self-directed.

### 2b. Provide a measure(s) of the program's quality.

- Overall, are you satisfied with the services and supports your family currently receives?

Note: Based on National Core Indicator (NCI) survey results. The NCI is a voluntary effort by public developmental disabilities agencies to measure and track their own performance. Due to the COVID-19 Pandemic, the 2019-20 In-Person Survey (IPS) survey data collection period was unexpectedly abbreviated with all data collection stopped on April 15, 2020. At the time IPS surveying was ended, Missouri had completed 227 surveys. As states were in many different stages of survey administration when data collection stopped, NCI made the decision not to publish NCI (national) averages for this survey cycle. Only Missouri averages are available for FY 2020.

### 2c. Provide a measure(s) of the program's impact.

- To promote individual self-sufficiency.

Note: Includes individuals age 18-64 with an open episode of care. Based on national survey data, out of the total number of individuals in day and employment services, Missouri had 662 or 11% of individuals in integrated employment services in 2017. Nationally, there were 20% in integrated employment services. (Source: National Survey of State IDD Agency Day and Employment Services conducted by University of Massachusetts, Boston.) Missouri's stretch target was projected to be 35% for FY 2021-FY 2023; however, COVID-19 impacted employment opportunities.

### 2c. Provide a measure(s) of the program's impact. (Continued)

- How successful is Missouri in identifying employment as a planning goal.

**Percent of DD Consumers with Employment as a Goal**

Note: Based on a sample of consumers reported in National Core Indicators (NCI). Overall, Missouri conducts 400 Adult Consumer Surveys (now the Adult In-Person Survey) every year. For this particular measure, Missouri had 398 responses in FY 2019. Nationally, there were 17,441 responses. Also, according to this survey data, 41% of unemployed individuals indicated they would like a job in the community. Given this discrepancy, the ultimate stretch target is for 51% of individuals to have employment as a goal.

- To improve consumer independence and community integration by moving away from segregated day services to community-integrated employment.

**Total Served by Day Habilitation versus Employment**

Note: In line with the overall goal of the highest level of community integration, the Division of DD is working towards increasing the number of individuals in integrated community employment and reducing the number in segregated day services. The stretch targets are based on 500 individuals per year transitioning from day services to integrated community employment.

- To provide more cost effective alternative to residential placement.

Note: Average annual cost of residential services includes group home and Individualized Supported Living. Cost includes provider rate increases approved in FY 2022 Budget. Data reflects that it costs significantly less to serve individuals in their home as compared to the individuals who live in contracted residential settings. The Division of DD continues to promote and enhance its in-home services to provide necessary supports for families and individuals to avoid costly residential placement.

HB Section(s): 10.410

Program Name: Residential Services

Program is found in the following core budget(s): DD Community Programs

### 1a. What strategic priority does this program address?

Build Community Systems of Positive Behavior Supports.

Increase Employment Rates among Department of Mental Health (DMH) populations fostering self-sufficiency.

Increase use of technology among DMH populations fostering increased levels of independence.

### 1b. What does this program do?

The Division of Developmental Disabilities (DD) ensures residential supports are available to help citizens of Missouri with intellectual and developmental disabilities through funding group and individualized living arrangements and promoting the use of evidenced based practices of support and use of technology to support independent community living. This service model provides for round-the-clock support and protective oversight to individuals who cannot be supported in their own home or with family members. This program is operated through a network of contracted and state-operated providers in settings such as group homes, apartments, and single family homes with the goal of integrating each individual into their local community as much as possible. These services are funded predominantly through the Comprehensive Medicaid Waiver and Medicaid State Plan for a small number of homes licensed as Intermediate Care Facilities for the Individuals with Intellectual Disabilities (ICF/IID). Resident's income, derived from Social Security benefits, wages and other sources, is used to cover the cost of rent, utilities, food and other household expenses which are not billable to Medicaid.

Residential oversight is predominantly provided by direct support professionals (DSPs) which is the driving cost for this service. DSP staff required can be reduced by supplementing less costly options such as remote supports, assistive technology and home modifications, and teaching skills that further independence for individuals supported. It is the responsibility of the provider to ensure staff meet eligibility requirements as well as receive required trainings. Providers who choose to implement positive behavior support (PBS) training see a reduction in negative interactions between staff and individuals which can decrease the level of DSPs needed. A residential provider also delivers transportation to activities, provides personal funds management, coordination of daily activities and oversight of health and safety. Additionally, providers may support the individual through services that address needs such as skill development, employment, community integration and behavioral improvement.

Currently, only new individuals deemed in crisis need for residential services are enrolled in this program. To be eligible for the Comprehensive Waiver, an individual must be Medicaid eligible and meet the criteria of a standardized assessment that determines the individual's level of care. The Division of DD maintains a residential waiting list of individuals who have requested this level of service. Each individual is scored based on a priority of need (PON) assessment which ranks them on the wait list. Each fiscal year, based on new funding appropriated, the Division of DD begins working with individuals assessed with the highest need first. Priority for residential placement also includes individuals transitioning from nursing homes or other institutions ICF/IID facilities.

2a. Provide an activity measure(s) for the program. (Continued)

- Reduce risk for individuals in DD residential services by improving behavior supports.

Note: The graph reflects the needs for support of the individuals receiving residential services from the division. Ideally, following the public health risk model, tier 1, or the primary prevention would address the needs of approximately 80% of the population through universal supports important for all. The tier two, secondary prevention would address the needs of those who are experiencing additional risk even with the universal supports; this should be 15% of the population. Tier 3, or tertiary prevention should be necessary for only 5% of the population if the other prevention levels are working well. This is the highest level of need requiring intensive and individualized services. The DD residential population consistently has higher levels of risk and the multi-tiered system of support efforts as well as all other efforts of the Division of DD are directed towards improving these supports to reduce the risk.

The National Core Indicators is a voluntary effort by public developmental disabilities agencies to measure and track their own performance. Data represents length of time direct support professional staff are employed with provider agencies. Data for FY 2020 reflects tenure among DSPs employed as of December 31, 2019. Data for the period ending December 31, 2020 will be available in Spring of Calendar Year 2022.

### 2b. Provide a measure(s) of the program's quality. (Continued)

- Increase participation in tiered supports, thereby effectively reducing behavior problems and improving quality of life for individuals.

Note: When agencies have systems of best-practice positive behavior support individuals have increased quality of life and less behavior problems. The Division's Multi-Tiered System of Support (MTSS) team assist participating agencies to develop and implement these best practice systems. The data represents agencies that have been active in the Tiered Support process of consultation at any point during the FY. The current level of Tiered Supports represents the max capacity of state staff to deliver consultation and agency capacity to maintain efforts during both maintain operations and manage through the staffing crisis.

### 2c. Provide a measure(s) of the program's impact.

### 2c. Provide a measure(s) of the program's impact. (Continued)

- Statewide growth of behavior services addressing need.

Note: Individuals who exhibit high-risk behaviors benefit from accessing behavior analytic services that create the opportunity to have intensive, individualized supports. The highest risk individuals are identified for review by the Behavior Support Review committee. Providers that support At-Risk, and High Risk individuals are also invited to attend the Provider Support Community. Finally, Behavior Analytic service agencies have access to various clinical development opportunities facilitated by the Multi-Tiered System of Support (MTSS) team and the Missouri Alliance for Dual Diagnosis (MOADD). The MTSS team is also working on reducing the number of high risk individuals that would require intensive behavior analytic service through development of prevention systems (see 2b. - Tiered Supports Participation).

- To reduce the level of direct support needed by implementing tiered supports and remote support technology.

### 2d. Provide a measure(s) of the program's efficiency.

- Number of consumers who's needs have been assessed or reassessed.

Note: The Division uses a Rate Allocation Score (RAS) to determine residential rates. The Supports Intensity Scale (SIS) is a tool developed by American Association on Intellectual and Developmental Disabilities (AAIDD) that measures the individual's support needs in personal, work-related, and social activities in order to identify and describe the types and intensity of the supports an individual requires. SIS assessments are completed every three years at a minimum for individuals receiving residential services. The Division of DD began using the SIS in FY 2014 to set residential rates on an individual basis. Starting FY 2022, the Missouri Adaptive Ability Scale (MAAS) replaces the SIS for setting residential rates on an individual basis.

- To increase individuals living in the least restrictive setting, congregate being the most restrictive setting.

Note: The average per diem for all services received by an individual in residential supports is \$332.74.

## PROGRAM DESCRIPTION

**Department:** Mental Health

**HB Section(s):** 10.410, 10.415

**Program Name:** DD Support Coordination

**Program is found in the following core budget(s):** Community Programs, Community Support Staff

### 1a. What strategic priority does this program address?

Supporting independence and self-sufficiency of Missourians with developmental disabilities by increasing employment rates and fostering self-sufficiency, building systems of positive behavior supports, and increasing the use of technology to foster increased levels of independence.

### 1b. What does this program do?

The Division of Developmental Disabilities (DD) assures that every consumer eligible for the Division of DD services is assigned a support coordinator who is responsible for the development and monitoring of the person's service plan. Support coordination core competencies have been developed in Missouri to ensure person-centered, consistent, and quality support coordination across the state. These core competencies consist of foundational values, developing and maintaining relationships, and having an awareness of rights and responsibilities. The support coordinator is responsible for planning with the individual through a person-centered planning process, resulting in an integrated and comprehensive plan that is reflective of and responsive to the strengths, interests, needs, and desired outcomes of the individual in all areas of their life. The support coordinator is also responsible for connecting the individual to integrated supports and services, including both paid and non-paid supports. The support coordinator facilitates the exploration and acquisition of paid supports from a variety of funding sources, and monitors for quality services that maximizes the use of support dollars to meet identified goals and minimize risks.

The support coordinator is the point of contact for the individual for questions and concerns from family members, physicians, and providers. They also coordinate necessary paperwork and applications required of the family or guardian. The Division of DD regional offices employ 217.50 support coordinators and 22 supervisors. In FY 2021, there were 110 counties, plus the City of St. Louis, with a Senate Bill 40 board or not for profit entity that have been approved to provide support coordination on behalf of the Division of DD. A consumer with a local support coordinator is not assigned one from the Division of DD, thus increasing the capacity for support coordination in those regions and reducing caseloads. Local support coordination is serving nearly 72% of the individuals eligible for Division of DD services.

An effective, well trained support coordinator is the crucial link between the consumer and family and the Division of DD's service delivery system. Working through service contract details, MO HealthNet changes, authorizations, Individualized Supported Living budgets, and other paperwork, the support coordinator ensures that services are available and delivered to the satisfaction of the consumer or family, and in accordance with Department of Mental Health guidelines and regulations. The role of support coordination is the direct link to connect the individual/family to employment, behavioral services, and technology to promote independence and self-sufficiency.

The Division of DD receives federal reimbursement on Medicaid eligible consumers from MO HealthNet through the DD Support Coordination program. Counties that provide support coordination are also able to bill and obtain reimbursement from MO HealthNet through agreement with Division of DD.

The Home and Community Based Services Waiver (HCBS) is an alternative to care provided in institutions. The HCBS waiver allows states to use Medicaid funding to provide services and supports to persons living in their homes or in other community based settings. The state is expected to have systems in place to measure and improve its performance in meeting the waiver assurances that are set forth in 42 CFR 441.301 and 441.302. These assurances address important dimensions of waiver quality, including assuring that service plans are designed to meet the needs of waiver participants and that there are effective systems in place to monitor participant health and welfare.

### 1b. What does this program do? (Continued)

The support coordinator plays a key role in assuring that the HCBS waiver works to meet participant needs and improve outcomes. This includes conducting level of care determinations in order to ensure the individual meets institutional level of care criteria, level of care determinations were made before the participant received HCBS waiver services, and conducting a review of an individual's continued eligibility for institutional level of care at least annually.

This DD Support Coordination program description form contains funding for support coordinators who are employed through the Division of DD's regional offices. Funding for these positions is appropriated in the Community Support Staff house bill section. This program form also contains funding for the Division of DD to contract with SB40 boards or not for profit entities to provide support coordination on behalf of the Division. This funding is appropriated in the Community Programs house bill section.

### 2a. Provide an activity measure(s) for the program.

- Consumer count by category.

## PROGRAM DESCRIPTION

**Department:** Mental Health

**HB Section(s):** 10.410, 10.415

**Program Name:** DD Support Coordination

**Program is found in the following core budget(s):** Community Programs, Community Support Staff

### 2b. Provide a measure(s) of the program's quality.

- Maintain satisfaction with DD Support Coordinator.

Note: Based on National Core Indicator (NCI) survey results. The NCI is a voluntary effort by public developmental disabilities agencies to measure and track their own performance. Due to the COVID-19 Pandemic the 2019-20 In-Person Survey (IPS) survey data collection period was unexpectedly abbreviated with all data collection stopped on April 15, 2020. At the time IPS surveying was ended, Missouri has completed 227 surveys. As states were in many different stages of survey administration when data collection stopped, NCI made the decision not to publish NCI (national) averages for this survey cycle.

- Plans of care where services and supports are aligned with assessed needs.

Source: The Division of DD quarterly Medicaid Waiver performance measures based on state reviews.

Note: Support Coordinators write annual service plans for all the individuals they serve. These service plans must effectively address the individual needs of each person and support the services that are authorized to be provided. The Division of DD regularly samples service plans to review for quality. The Federal Centers for Medicare and Medicaid (CMS) target is 100%, which is also reflective of Missouri's stretch target.

### 2b. Provide a measure(s) of the program's quality. (Continued)

- Level of Care determinations that were completed accurately.

Note: The Level of Care is an assessment applied to all individuals to determine their eligibility for Medicaid services. The Division of DD gives assurances to Centers for Medicare & Medicaid Services (CMS) that all eligible individuals have met this level of care. The Division of DD routinely samples these assessments to assure accuracy. The Federal Centers for Medicare and Medicaid (CMS) target is 100%, which is also reflective of Missouri's stretch target.

### 2c. Provide a measure(s) of the program's impact.

- Participants who have a change of need and the plan of care was updated.

- To complete plans timely in an effort to reflect the current needs of individuals.

Source: The Division of DD quarterly Medicaid Waiver performance measures based on state reviews.

Note: The Federal Centers for Medicare and Medicaid (CMS) target is 100%, which is also reflective of Missouri's stretch target.

- To provide more effective service coordination by reducing caseloads.

Note: A service coordinator with a high caseload cannot write service plans and monitor delivered services as effectively as a service coordinator with a lower caseload. Private Targeted Case Management (TCM) agencies have found a caseload of 35 individuals per one service coordinator to be an upper limit for effectiveness.

The Department of Mental Health (DMH), Division of Developmental Disabilities (DD), provides residential supports to over 7,000 individuals through Medicaid contracts with provider agencies statewide. The rates DMH pays for these services have not kept up with inflation for this industry due to limited funding for cost of living adjustments. In addition, these rates have been set over many years as new providers have entered the system which led to new providers receiving higher rates than older, established providers. In 2019, the Centers for Medicaid and Medicare Services (CMS) approved a corrective action plan requiring the Division of DD to standardize the residential habilitation rates across all individuals in services and providers. The approved plan allows Missouri to work toward standardized rates over 4 years (Fiscal Years 2021-2024) at a level mutually agreed to by CMS and the State. The rates paid to providers directly affects the wage that can be paid to direct support staff since the majority of the rate goes to direct care staffing and related employee expenses.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM. (Continued)**

Turnover reported by providers through the National Core Indicators Staff Stability survey in 2019 was 51.5% in Missouri compared to 42.8% for all states reporting. This turnover is exacerbated by the recent low unemployment trend which has increased competition for this workforce. Retail and fast food employers directly compete for these workers and have increased pay rates beyond what the Division of DD providers can afford. Per the 2019 survey, Missouri direct support professionals are paid \$0.69 less per hour (\$11.67) than the average for all survey participants (\$12.36). Individuals receiving supports develop familiarity and trust with their caregivers, and frequent turnover means that individuals are constantly adjusting to new caregivers.

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? **DEPARTMENT REQUEST:**

In FY 2017, the Division of DD procured an independent rate study for residential services from Mercer, a contracted actuarial company, to determine the actual cost to provide these services. Mercer provided the division with rates from the 50th percentile (lower bound) to the 75th percentile (upper bound) of market costs. Funding provided in the FY 2020 budget allowed the division to raise the lowest rates to 77.7% of the lower bound rate. Additional funding provided in the FY 2022 budget allowed the division to increase rates to 100% of the lower bound rate which has been adjusted for inflation to FY 2020 utilizing one-time enhanced FMAP funds. The additional \$166M recommended in the FY 2023 budget will replace the funding appropriated in the FY 2022 budget, as the state match portion was funded with Enhanced FMAP funds instead of GR. Funding this request will allow the current rate of \$56.6 million to continue to be paid.

Direct care wages included in the lower bound market rates are:

The National Core Indicators is a voluntary effort by public developmental disabilities agencies to measure and track their own performance. Individuals receiving supports develop familiarity and trust with their caregivers, and frequent turnover means that individuals are constantly adjusting to new caregivers. NCI changed the methodology in calculating the rates for individual states in 2017, resulting in a reduction of the rate reflected for Missouri. For this particular measure, Missouri had 221 responses in 2019, while nationally there were 3,370 responses. Information for Calendar Year 2020 is not yet available.

- Overall, are you satisfied with the services and supports your family currently receives?

**6d. Provide a measure(s) of the program's efficiency.**

▪Number of consumers who's needs have been assessed or reassessed.

Note: The Division uses a Rate Allocation Score (RAS) to determine residential rates. The Supports Intensity Scale (SIS) is a tool developed by American Association on Intellectual and Developmental Disabilities (AAIDD) that measures the individual's support needs in personal, work-related, and social activities in order to identify and describe the types and intensity of the supports an individual requires. SIS assessments are completed every three years at a minimum for individuals receiving residential services. The Division of DD began using the SIS in FY 2014 to set residential rates on an individual basis. Starting FY22, the Missouri Adaptive Ability Scale (MAAS) replaces the SIS for setting residential rates on an individual basis.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

The first priority is for providers to be able to secure qualified staff and retain them. This is extremely difficult in the current labor market. Sufficient rates are needed to stem the turnover rate. The Division of DD has been working with CMS and other departments on strategies for value-based purchasing in its HCBS Waiver programs. Switching to a model that incentivizes outcomes for individuals rather than billable units, can create opportunities to reduce cost if the provider has greater flexibility to manage the overall healthcare of the individual. In addition, the Division of DD has been developing a behavior supports structure to identify and support individuals with severe behavior issues. Behavior issues in a residential setting lead to increased staffing which drives the per diem cost. Behavior support plans can reduce staffing costs over time. Tiered Behavior Supports is another strategy the Division of DD has implemented to improve behavior issues in residential settings. This training which focuses on how staff interact with the individuals they support has shown success in reducing incidents and related staff costs.

The Department of Mental Health (DMH), Division of Developmental Disabilities (DD), serves approximately 15,500 individuals with developmental disabilities (I/DD) through Home and Community Based Waiver Services. These individual's access to traditional urgent, emergency care and primary care during the public health emergency related to the pandemic has been impacted. Because individuals with intellectual and developmental disabilities are at greater risk to increased health complications, limiting high risk situations is necessary. To reduce the threat of exposure to individuals during the COVID-19 Pandemic, Division of DD staff and provider staff started using trained physicians in I/DD care to provide health assessments and prevent unnecessary hospital emergency room and urgent care visits through telehealth technology to individuals with I/DD. Telehealth services helped keep I/DD population safe from exterior threats such as viruses, as well as provide safety and appropriate health care coordination to the I/DD population by allowing them to stay in-house. Without these telehealth services, many individuals would need to be seen in an emergency room or urgent care.

The Medicaid Home and Community Based Services (HCBS) Rate Study provides an analysis of the currently appropriated Medicaid HCBS rates. Centers for Medicare and Medicaid Services (CMS) now requires states to conduct an in depth analysis to understand if the fee schedule rates being paid to providers are reasonable and appropriate given current market conditions. These recent requirements from CMS prompted DHSS to initiate a rate study. Department of Mental Health (DMH) provides services through waivers that are like Department of Health and Senior Services (DHSS) services. In FY 2022, HCBS providers received a 5.29% increase to their rates, an increase for DD personal assistance providers in the amount of \$4.95M, with \$1.68M utilizing one-time HCBS FMAP Enhancement Funds. DMH requests the \$1.68M from General Revenue for the FY 2023 budget to replace the one-time Enhanced FMAP dollars.

Due to the COVID-19 Pandemic, the 2019-20 In-Person Survey (IPS) survey data collection period was unexpectedly abbreviated with all data collection stopped on April 15, 2020. At the time IPS surveying was ended, Missouri had completed 227 surveys. As states were in many different stages of survey administration when data collection stopped, NCI made the decision not to publish NCI (national) averages for this survey cycle. - To provide more cost effective alternative to residential placement.

Note: Average annual cost of residential services includes group home and Individualized Supported Living. Cost includes provider rate increases approved in FY 2022 Budget. Data reflects that it costs significantly less to serve individuals in their home as compared to the individuals who live in contracted residential settings. The Division of DD continues to promote and enhance its in-home services to provide necessary supports for families and individuals to avoid costly residential placement.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

Improved reimbursement rates will help providers retain staff. The first step to improving quality and achieving outcomes is to be able to hire and retain competent staff. The Division of DD will increase all personal assistance rates below the lower bound market rate to that level and continue to monitor turnover rates reported on the staff stability survey. The Division of DD is also working with the Department of Health and Senior Services and Department of Social Services to develop a value based payment methodology to incentivize and reward personal assistance providers for providing quality to the individuals they serve.

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Enrollment of individuals in case management has grown far beyond the capacity of the FTE budgeted for service coordination. State-employed service coordinators serve an average of 46 individuals each compared to an average of 33 for private agencies and not-for-profit agencies. Excessive caseloads reduce the ability of the service coordinators to effectively plan and monitor services provided to the individuals they serve. Private providers can employ the appropriate number of FTE needed to serve the individuals on their caseload. These providers can be county governmental boards or not-for-profits. This request is for the federal and general revenue match funds to move 2,200 individuals from the caseload of the regional offices to a private provider. Proposals will be accepted from county and private entities to serve this number. More than one provider may be selected. This decision item is considered an initial step to privatize a majority of the cases statewide in order to eliminate the need for more state FTE.

The Division of DD estimates that it needs to move 2,200 individuals from the caseload of state-employed service coordinators to achieve the most effective caseload ratios. For budgeting purposes, the Division of DD employs a standard of 120 billable hours per month per service coordinator and estimates one service coordinator per 36 individuals. Of the 2,200 individuals, approximately 18.2% (401) are not eligible for Medicaid funding. The amount calculated for the remaining 1,799 individuals is as follows: 1,799 individuals / 36 caseload ratio = 49.98 service coordinators X 120 hours X 12 months = 71,971.2 hours X \$103.68 per individual. This totals \$7,461,974, which is split between general revenue and federal funds based on the current FMAP percentage. The Non-Medicaid eligible individuals are calculated at a cost of 401 X \$30/month X 12 months for a total of \$144,360 GR. The total for both Medicaid-eligible and Non-Medicaid eligible individuals = \$7,606,227.

**6a. Provide an activity measure(s) for the program.**

Note: A service coordinator with a high caseload cannot write service plans and monitor delivered services as effectively as a service coordinator with a lower caseload. Private Targeted Case Management (TCM) agencies have found a caseload of 35 individuals per one service coordinator to be an upper limit for effectiveness. This request would bring the average caseload to 36 individuals across both state-employed service coordinators and private TCMs.

Note: Support Coordinators write annual service plans for all the individuals they serve. These service plans must effectively address the individual needs of each person and support the services that are authorized to be provided. The Division of DD regularly samples service plans to review for quality. The Federal Centers for Medicare and Medicaid (CMS) target is 100%, which is also reflective of Missouri's stretch target.

- Level of Care determinations that were completed accurately.

Source: The Division of DD quarterly Medicaid Waiver performance measures based on state reviews.

Note: The Level of Care is an assessment applied to all individuals to determine their eligibility for Medicaid services. The Division of DD gives assurances to Centers for Medicare & Medicaid Services (CMS) that all eligible individuals have met this level of care. The Division of DD routinely samples these assessments to assure accuracy. The Federal Centers for Medicare and Medicaid (CMS) target is 100%, which is also reflective of Missouri's stretch target.

**6d. Provide a measure(s) of the program's efficiency.**

- To provide more effective service coordination by reducing caseloads

Note: For the past 12 years, the Division of DD has been actively seeking private case management options to meet the capacity for service coordination.

**7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:**

The Division of DD will develop a transition plan by geographical area and population on the most effective and economical way to move individuals to another TCM agency. Transitions will occur over time as capacity is available. The Division of DD, through its TCM Technical Assistance Coordinators, will continue to monitor private TCM agencies for compliance and quality of service. The Department of Mental Health's end goal is to obtain manageable caseloads through additional privatization.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.410

Program Name: Autism

Program is found in the following core budget(s): Community Programs

### 1a. What strategic priority does this program address?

Services increase community capacity to diagnose autism spectrum disorder (ASD), support community inclusion, positive behaviors, independence, and employment for individuals with ASD and their families.

### 1b. What does this program do?

The Division of Developmental Disabilities (DD) provides specialized services for individuals diagnosed with ASD and their families. These services are provided through Department of Mental Health (DMH) Medicaid waivers, Missouri's Autism Projects, and through specialized diagnostic clinics. There are approximately 15,581 individuals with an autism diagnosis who are enrolled with the Division of DD. In total, \$272 million is being spent on supports for individuals with an autism diagnosis.

Autism is a complex neurodevelopmental disorder that includes a broad range of conditions that affects social interaction, communication, and behavior. The range and severity of ASD can vary widely from mild to severe impairment. Common symptoms include difficulty with communication, difficulty with social interaction, obsessive interests, and repetitive behaviors. Early recognition along with behavioral, educational, and family-based interventions may reduce symptoms and support development and learning. Autism is the fastest growing developmental disability in the United States with a prevalence rate of 1 in 54, according to the Centers for Disease Control and Prevention (2020). Boys are 4 times more likely to be diagnosed with autism than girls. This ratio is consistent with reports from Missouri's Autism Centers.

DMH provides residential, home, and community based services to individuals with ASD through four Medicaid waivers. In addition, DMH oversees five regional Autism Projects in Missouri: Southeast, Southwest, Central, Northwest, and East, each governed by a local Parent Advisory Council (PAC). Each of these local advisory groups make funding and provider recommendations of general revenue funds for its region. Based on PAC recommendations, DMH contracts with local providers for a variety of intervention services aimed at supporting families and helping them keep their loved ones integrated within the home and community.

DMH also contracts with six regional Autism Centers and two intervention centers to provide ASD diagnostic evaluations and intervention services. Missouri's Autism Centers are clinics which provide best practice diagnostic evaluations and referrals for children, as well as training for families and communities. In addition, Missouri's Autism Centers provide clinical training to and serve as a statewide resource for the medical and clinical community to advance evidence-based and emerging best practices for ASD diagnostics and intervention.

DMH also contracts with the Thompson Center through the University of Missouri-Columbia to implement a series of ECHO Autism programs to address a shortage of clinical and community providers throughout Missouri that can appropriately diagnose and care for individuals with Autism and their families. The average age of ASD diagnosis is over 4 years even though ASD can be diagnosed as early as age 2, (*Whittling Down the Wait Time*, 2016). Through this contract and the Autism Center's prioritization of diagnostic evaluations for those under age 4, DMH hopes to diagnose kids in Missouri earlier, allowing for earlier interventions and overall better outcomes for individuals with ASD.

### 2b. Provide a measure(s) of the program's quality.

- Missouri's Autism Centers' median age (in months) at diagnosis compares favorably to national average (see note below).

Median Age at Diagnosis of ASD (months):			
Center	FY 2019	FY 2020	FY 2021*
Thompson Center^	68	60	55
Cardinal Glennon Children's Hospital/Knights of Columbus(KOC) Development Center	35	50	46
Children's Mercy Hospital	46	46	44
SEMO Autism Center	50	67	59
Washington University - St. Louis^	71	46	47
Mercy Kids Autism Center - St. Louis	48	42	41
National Average >48 months			

Note: Children with ASD can be diagnosed as early as 2 years of age, but on average, the age of diagnosis is after 4 years (Gordon-Lipkin, E., Foster, J., & Peacock, G. (2016). Most recent CDC data is based on FY 2018 and lists 46 months for ASD diagnosis; 56 months for ASD/Pervasive Developmental Disorder (PPD); and 67 months for Asperger's.

^Thompson Center and Washington University evaluated a higher percentage of children over the age of 60 months in FY 2019 while continuing to prioritize timely appointments for those under age 60 months.

\*FY 2021 data is provisional. Finalized data is expected by January 2022.

### 2c. Provide a measure(s) of the program's impact.

- Targeted trainings increase awareness and advance evidence-based, best practices for clinicians, educators, providers, and community members.

- Number of children to be evaluated has remained steady despite slight increases in those evaluated due to the increase in prevalence of ASD.

\*Changed methodology in FY 2019 to report average individuals waiting rather than 4th quarter waitlist.

### 2c. Provide a measure(s) of the program's impact. (Continued)

- Length of time between eligibility and appointment indicates how long individuals must wait for an evaluation and indicates the need for additional resources to support ASD assessment and diagnosis.

### 2d. Provide a measure(s) of the program's efficiency.

- Autism Centers continue to prioritize timely appointments for children under 5, while working to reduce the overall wait time for appointments.

FY 2021 Median Number of Days between Date Eligible for Appointment and Date of Appointment	
Age	Median Days Waiting
Children 4 Years Old and Younger	110
Children 5 Years Old and Older	230
All Individuals	140

Note: FY 2021 data is provisional. Finalized data is expected by January 2022.

Note: Wait times for a comprehensive ASD assessment vary greatly across the country, ranging from 45 days to more than 365 days. Individuals receiving an ASD diagnosis can access a variety of intervention services. Individuals accessing intervention services at earlier stages are likely to achieve better long-term outcomes.

## **2. CORE DESCRIPTION**

Funding for the Patients Post-Discharge provides reimbursement to hospitals for individuals who qualify for placement and support through the Division of Developmental Disabilities (DD) programs, but who may not be discharged when eligible due to a lack of availability within an appropriate community placement. Individuals with developmental disabilities who either live at home or in residential settings with assistance from the Division of DD are brought to the hospital for medical care. Discharge requires release to a safe environment; however, a handful of patients who have developmental disabilities can be very difficult to place in safe environment in order for discharge to occur. This can happen when their spot at a facility is filled, the facility refuses to accept them, or an aging parent can no longer care for them. The Division of DD is limited in its ability to support these individuals by the availability and willingness of providers. Hospital staffing and resources continue to provide care to these individuals until a safe and available placement is identified. This funding provides a small per diem payment to assist hospitals in covering costs for these patients while the Division of DD works on a long-term solution for these individuals.

### 2. CORE DESCRIPTION

The Division of Developmental Disabilities (DD) assures that every consumer eligible for DD services is assigned a service coordinator who is responsible for that person's service plan. The service coordinator works with the consumer's family, interested parties, and staff at the regional office to develop a person-centered plan with services based on goals and needs for that consumer. Once the plan is agreed upon and put in place, the service coordinator is responsible for arranging those services and monitoring their delivery. The service coordinator is the point of contact for the individual for questions and concerns from family members, physicians, and providers. They also coordinate necessary paperwork and applications required of the family or guardian. The Division of DD's Regional Offices employ 202 service coordinators and an additional 22 service coordination supervisors. An effective, well trained service coordinator is the crucial link between the consumer and the family and the Division of DD's service delivery system. Working through service contract details, MO HealthNet changes, authorizations, Individualized Supported Living (ISL) budgets, and other paperwork, the service coordinator ensures that services are available and delivered to the satisfaction of the consumer or the family, and in accordance with the Department of Mental Health (DMH) guidelines and regulations.

The Community Support Staff house bill section contains funding for DMH service coordinators as well as Targeted Case Management (TCM) support positions. This funding is allocated to the appropriate regional offices.

## PROGRAM DESCRIPTION

**Department:** Mental Health

**HB Section(s):** 10.410, 10.415

**Program Name:** DD Support Coordination

**Program is found in the following core budget(s):** Community Programs, Community Support Staff

### 1a. What strategic priority does this program address?

Supporting independence and self-sufficiency of Missourians with developmental disabilities by increasing employment rates and fostering self-sufficiency, building systems of positive behavior supports, and increasing the use of technology to foster increased levels of independence.

### 1b. What does this program do?

The Division of Developmental Disabilities (DD) assures that every consumer eligible for the Division of DD services is assigned a support coordinator who is responsible for the development and monitoring of the person's service plan. Support coordination core competencies have been developed in Missouri to ensure person-centered, consistent, and quality support coordination across the state. These core competencies consist of foundational values, developing and maintaining relationships, and having an awareness of rights and responsibilities. The support coordinator is responsible for planning with the individual through a person-centered planning process, resulting in an integrated and comprehensive plan that is reflective of and responsive to the strengths, interests, needs, and desired outcomes of the individual in all areas of their life. The support coordinator is also responsible for connecting the individual to integrated supports and services, including both paid and non-paid supports. The support coordinator facilitates the exploration and acquisition of paid supports from a variety of funding sources, and monitors for quality services that maximizes the use of support dollars to meet identified goals and minimize risks.

The support coordinator is the point of contact for the individual for questions and concerns from family members, physicians, and providers. They also coordinate necessary paperwork and applications required of the family or guardian. The Division of DD regional offices employ 217.50 support coordinators and 22 supervisors. In FY 2021, there were 110 counties, plus the City of St. Louis, with a Senate Bill 40 board or not for profit entity that have been approved to provide support coordination on behalf of the Division of DD. A consumer with a local support coordinator is not assigned one from the Division of DD, thus increasing the capacity for support coordination in those regions and reducing caseloads. Local support coordination is serving nearly 72% of the individuals eligible for Division of DD services.

An effective, well trained support coordinator is the crucial link between the consumer and family and the Division of DD's service delivery system. Working through service contract details, MO HealthNet changes, authorizations, Individualized Supported Living budgets, and other paperwork, the support coordinator ensures that services are available and delivered to the satisfaction of the consumer or family, and in accordance with Department of Mental Health guidelines and regulations. The role of support coordination is the direct link to connect the individual/family to employment, behavioral services, and technology to promote independence and self-sufficiency.

The Division of DD receives federal reimbursement on Medicaid eligible consumers from MO HealthNet through the DD Support Coordination program. Counties that provide support coordination are also able to bill and obtain reimbursement from MO HealthNet through agreement with Division of DD.

The Home and Community Based Services Waiver (HCBS) is an alternative to care provided in institutions. The HCBS waiver allows states to use Medicaid funding to provide services and supports to persons living in their homes or in other community based settings. The state is expected to have systems in place to measure and improve its performance in meeting the waiver assurances that are set forth in 42 CFR 441.301 and 441.302. These assurances address important dimensions of waiver quality, including assuring that service plans are designed to meet the needs of waiver participants and that there are effective systems in place to monitor participant health and welfare.

## PROGRAM DESCRIPTION

**Department:** Mental Health

**HB Section(s):** 10.410, 10.415

**Program Name:** DD Support Coordination

**Program is found in the following core budget(s):** Community Programs, Community Support Staff

### 1b. What does this program do? (Continued)

The support coordinator plays a key role in assuring that the HCBS waiver works to meet participant needs and improve outcomes. This includes conducting level of care determinations in order to ensure the individual meets institutional level of care criteria, level of care determinations were made before the participant received HCBS waiver services, and conducting a review of an individual's continued eligibility for institutional level of care at least annually.

This DD Support Coordination program description form contains funding for support coordinators who are employed through the Division of DD's regional offices. Funding for these positions is appropriated in the Community Support Staff house bill section. This program form also contains funding for the Division of DD to contract with SB40 boards or not for profit entities to provide support coordination on behalf of the Division. This funding is appropriated in the Community Programs house bill section.

### 2a. Provide an activity measure(s) for the program.

- Consumer count by category.

## PROGRAM DESCRIPTION

Department: **Mental Health**

HB Section(s): **10.410, 10.415**

Program Name: **DD Support Coordination**

Program is found in the following core budget(s): **Community Programs, Community Support Staff**

### 2b. Provide a measure(s) of the program's quality.

- Maintain satisfaction with DD Support Coordinator.

Note: Based on National Core Indicator (NCI) survey results. The NCI is a voluntary effort by public developmental disabilities agencies to measure and track their own performance. Due to the COVID-19 Pandemic the 2019-20 In-Person Survey (IPS) survey data collection period was unexpectedly abbreviated with all data collection stopped on April 15, 2020. At the time IPS surveying was ended, Missouri has completed 227 surveys. As states were in many different stages of survey administration when data collection stopped, NCI made the decision not to publish NCI (national) averages for this survey cycle.

- Plans of care where services and supports are aligned with assessed needs.

Source: The Division of DD quarterly Medicaid Waiver performance measures based on state reviews.

Note: Support Coordinators write annual service plans for all the individuals they serve. These service plans must effectively address the individual needs of each person and support the services that are authorized to be provided. The Division of DD regularly samples service plans to review for quality. The Federal Centers for Medicare and Medicaid (CMS) target is 100%, which is also reflective of Missouri's stretch target.

### 2b. Provide a measure(s) of the program's quality. (Continued)

- Level of Care determinations that were completed accurately.

Source: The Division of DD quarterly Medicaid Waiver performance measures based on state reviews.

Note: The Level of Care is an assessment applied to all individuals to determine their eligibility for Medicaid services. The Division of DD gives assurances to Centers for Medicare & Medicaid Services (CMS) that all eligible individuals have met this level of care. The Division of DD routinely samples these assessments to assure accuracy. The Federal Centers for Medicare and Medicaid (CMS) target is 100%, which is also reflective of Missouri's stretch target.

### 2c. Provide a measure(s) of the program's impact.

- Participants who have a change of need and the plan of care was updated.

Source: The Division of DD quarterly Medicaid Waiver performance measures based on state reviews.

Note: The Federal Centers for Medicare and Medicaid (CMS) target is 100%, which is also reflective of Missouri's stretch target. Also, other impact measures relating to employment, behavior services, etc., are located in the program description forms for In Home Supports and Residential Services.

**HB Section(s):** 10.410, 10.415

**Program Name:** DD Support Coordination

**Program is found in the following core budget(s):** Community Programs, Community Support Staff

**2d. Provide a measure(s) of the program's efficiency.**

- To complete plans timely in an effort to reflect the current needs of individuals.

Source: The Division of DD quarterly Medicaid Waiver performance measures based on state reviews.

Note: The Federal Centers for Medicare and Medicaid (CMS) target is 100%, which is also reflective of Missouri's stretch target.

- To provide more effective service coordination by reducing caseloads.

Note: A service coordinator with a high caseload cannot write service plans and monitor delivered services as effectively as a service coordinator with a lower caseload. Private Targeted Case Management (TCM) agencies have found a caseload of 35 individuals per one service coordinator to be an upper limit for effectiveness.

**2d. Provide a measure(s) of the program's efficiency. (Continued)**

- To provide more effective service coordination by reducing caseloads.

Note: For the past 12 years, the Division of DD has been actively seeking private case management options to meet the capacity for service coordination.

**4. What are the sources of the "Other " funds?**

Other funds include Mental Health Local Tax Match Fund (0930) for support coordination provided by SB40 boards.

**5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

 42 CFR 441.301(1) Person-Centered Planning Process  
 42 CFR 441.301(2) The Person-Centered Service Plan

**6. Are there federal matching requirements? If yes, please explain.**

The Division of DD is reimbursed the federal share of the cost of support coordination provided by regional offices to eligible consumers. The Division of DD pays the state match from Medicaid appropriations for support coordination provided by county and private agencies. MO HealthNet requires that the state share costs be funded with state funds or local public funding.

**7. Is this a federally mandated program? If yes, please explain.**

No.

## PROGRAM DESCRIPTION

Department: Mental Health

HB Section(s): 10.420

Program Name: Developmental Disabilities Act

Program is found in the following core budget(s): Developmental Disabilities Act

### 1a. What strategic priority does this program address?

Support independence and self-sufficiency of Missourians with developmental disabilities.

### 1b. What does this program do?

The Missouri Developmental Disabilities Council (MODDC) is a federally funded, 23-member, consumer-driven Council whose members are appointed by the Governor. MODDC is funded through Federal Legislation, PL 106-402, and is mandated to develop a 5-year strategic state plan. MODDC has been participating in a 2-year process to develop the 2022-2026 state plan. MODDC heard from parents, self-advocates, providers, and other stakeholders across the state via listening sessions and surveys, about the gaps and barriers they found with getting the help they need to live a good life in their communities. Some areas identified through the state planning process includes the digital divide, health disparities, guardianship, families having information, the need for affordable accessible transportation and others. MODDC also reviewed data from multiple sources and developed a Comprehensive Review and Analysis, which guided the development of the plan. The state plan is to be submitted to the federal funder, the Administration on Community Living (ACL) for approval. MODDC submits Program Performance Reports each year within 90 days at the end of the federal fiscal year using performance measures identified by ACL.

MODDC's mandate is to plan, advocate, and give advice concerning programs and services for persons with developmental disabilities (DD) that will increase their opportunities for independence, productivity, and integration into communities. Much of this work is accomplished by providing demonstration and capacity building grants to stakeholders to address the MODDC's mission to: "To assist the community to include all people with developmental disabilities in every aspect of life". The state plan goals and objectives that have been developed, guide the work of MODDC. Projects developed are short term and include opportunities for training and information about guardianship and alternatives to guardianship such as supported decision making, increasing awareness of persons with Intellectual/Developmental Disability (I/DD) and their families regarding resources and supports available and implement First Responder Disability Awareness Training for law enforcement, fire/EMS and 911 telecommunicator personnel.

All projects of MODDC are monitored closely by staff to determine the impact of MODDC's investment in improving the lives of individuals with DD. Recipients of grant funds provided by MODDC are required to submit quarterly reports that are reviewed by program staff to ensure progress and technical assistance is provided if necessary for course correction. Evaluations of programs include satisfaction surveys obtained from stakeholders. We also do a risk assessment of potential recipients of MODDC grant funds to ensure grant recipients have a solid record of achieving outcomes promised to previous grantors and to ensure federal funds are used wisely.

### 2a. Provide an activity measure(s) for the program.

- Provide train-the-trainer First Responder Disability Awareness Training.

Note: MODDC convenes a Victimization Task Force (VTF) to address the victimization of individuals with developmental disabilities. Stakeholders on the VTF, recommended training for first responders to ensure that victimization is prevented and recognized when responders encounter individuals with I/DD. Participants of public forums conducted by MODDC, confirmed this need. Niagara University developed the most comprehensive training in the country. Missouri is the second state in the nation, to conduct First Responder Disability Awareness Training (FRDAT) for law enforcement, fire/EMS and 911. This training is different from MO's Crisis Intervention Team (CIT) training in that CIT has a focus on crisis intervention of those with behavioral health concerns and FRDAT, provides comprehensive information to recognize major disabilities of those who come in contact with first responders such as Autism, Down Syndrome, Cerebral Palsy, Tourette Syndrome, Epilepsy, I/DD, Blindness, Deafness and Hard of Hearing. Niagara University is working in partnership with CIT to ensure law enforcement is able to have well rounded education by completing both trainings. The Rudermann produced a white paper in 2016, about a media study that indicated that 1/2 of those killed by police officers, have a disability. It is recommended that both CIT and FRDAT are conducted to provide well-rounded skillsets to first responder. FRDAT is conducted using a Train-the-Trainer model for sustainability of the training when the grant ends. The FRDAT curricula for law enforcement is Police Officer Standards Training (POST) certified, the 911 training is recognized by the National Association of Emergency Numbers (NENA) and the fire/EMS training is recognized by MO's EMS Association (MEMSA). With the pandemic, in-person training was halted. Niagara University used the grant period to produce on-line curricula for all the first responder disciplines (law enforcement, fire/EMS and 911). This training was rolled out during this grant period. The law enforcement online trainings (one specifically for trainers and the other for all law enforcement officers) is POST certified. The curricula implemented for all first responder disciplines with trainers who deliver the online trainings live. Niagara University has developed an online law enforcement training that is a stand-alone training that will incorporate testing to ensure officers taking this course, meets the competencies of the trainings. This training is currently being reviewed so that officers completing this course, will be able to receive POST certification. A stand-alone training has also been developed in partnership with MEMSA. By having the law enforcement and EMS trainings available online as stand-alone trainings, the responders will be able to complete the training on their own time table and still be able to receive certification for completing these trainings. FRDAT was highlighted in the Fall 2020 MO EMS newsletter, MO EMS Connection as a valuable training for EMS personnel. In addition, Safety Awareness Training and First Responder Awareness Training for families of members with I/DD and individuals with disabilities have been developed to complement FRDAT.

**2b. Provide a measure(s) of the program's quality.**

- Provide training and information to professionals and community members regarding changes to the Missouri guardianship statute and alternatives to guardianship (i.e. supported decision making, powers of attorney, etc.) that impact individuals with I/DD.

Note: MODDC convenes and has a leadership role in Missouri Working Interdisciplinary Networks of Guardianship Stakeholders (MO-WINGS) and the Developmental Disabilities Network. Until the pandemic, the goal was to provide trainings across Missouri to educate professionals and community members about the changes made to the Guardianship Code that was signed in to law in 2018. Mo-WINGS had worked to identify gaps and barriers to successful implementation of the updated guardianship law. Providing education at both a professional level as well as at a family and self-advocate level MODDC has been able to interact and collect valuable feedback on the attitude and understanding of guardianship for people with disabilities. MO-WINGS has positioned itself to better understand the needs of the community as it pertains to the integration of the go-to alternative to guardianship - supported decision-making (SDM). This work towards providing resources that better support the understanding of Missouri's guardianship law and alternatives to guardianship continues. MODDC developed a series of SDM booklets that are written in plain language, that provide information about supporting children and adults in SDM throughout their lifespan. Feedback from stakeholders participating in training, included survey responses that noted the information presented would impact their future actions by advocating for rights of individuals under Missouri guardianship, further research the guardianship law, use and/or research the resources provided, support individuals with the right to vote, and teach their work team about the new law including updated information on ward's rights. MO-WINGS identified the potential development of additional resources over the next few years (i.e. print, video, support groups) that will be considered by MODDC to develop these resources in the next two federal fiscal years.

### 2c. Provide a measure(s) of the program's impact.

- Family-to-Family Network grant established to increase the awareness of persons with I/DD and their families of resources and supports available to them throughout the lifespan.

Note: Parents of children with I/DD have reported over the years, that information is their number one need. MODDC's intention for funding the Missouri Family-to-Family (F2F) Network, is that it meet the information needs of families and individuals with I/DD. MODDC has observed a decrease in the number of individuals requesting information that they can use to support their needs, advocacy, capacity building and systems change efforts. The information provided includes general outreach information, one-on-one navigational support, information and referral and peer supports. F2F incorporates the national efforts of Charting the LifeCourse framework in the F2F efforts. Charting the LifeCourse is a framework that was developed to help individuals and families of all abilities and at any age or stage of life develop a vision for a good life, think about what they need to know and do, identify how to find or develop supports, and discover what it takes to live the lives they want to live. Self-advocates, families and professionals within Missouri as well as F2F staff, continue to utilize the framework and tools that have resulted from this initiative and share their experiences and examples with F2F through website submissions, emails and virtually (some activities will be conducted in-person as the pandemic allows. These examples are made available on lifecoursetools.com, which is accessible directly from the F2F website. The goal of F2F of families accessing information on their website with 8000 unique sessions was met, with analytics of 8,057 unique sessions occurring, was met. During the pandemic, F2F has intensified outreach to families, and has held virtual family forums, that enable families to obtain supports and information from other families who share similar experiences. Some of these activities will continue as the outreach to families was increased by using a virtual forum.

### 2d. Provide a measure(s) of the program's efficiency.

Chart will be included in the Governor Recommends book.

### 2. CORE DESCRIPTION

Senate Bill 1081 (Chapter 633, Section 633.401, RSMo), signed into law on June 25, 2008, allows the state to implement a provider assessment on all Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID). The legislation allows the state to impose a 5.95% provider assessment on operating revenues of both private and state operated ICF/IID facilities. The ICF/IID provider assessment on state operated facilities generated \$2.1 million in FY 2021.

This core item is an appropriated transfer section to transfer \$2.1 million (based on FY 2021) from the ICF/IID Reimbursement Allowance Fund to General Revenue. This core also allows for the transfer of \$3.9 million from the ICF/IID Reimbursement Allowance Fund to DMH Federal funds. This allows the DMH to use Federal funds generated by the state operated ICF/IIDs to support the Federal authority and FTEs redirected from the Regional Offices in FY 2009 to Community Support Staff.

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER:</b> 74310C, 74325C, 74345C 74350C, and 74355C <b>BUDGET UNIT NAME:</b> Regional Offices <b>HOUSE BILL SECTION:</b> 10.500-10.520	<b>DEPARTMENT:</b> Mental Health  <b>DIVISION:</b> Developmental Disabilities
--	---

**1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.**

Flex appropriations for the regional offices allow the Department to:

- Improve processes through contracting as new ideas are developed. Flexibility gives management the ability to continually review whether it is more beneficial to contract for services, hire staff in-house to provide services, or provide a mix of both contracting and in-house services.
- React to emergency situations that could occur in any given fiscal year. Flexibility allows available funds to be shifted to cover critical equipment/supply needs that would otherwise go unmet. This could include such things as security enhancements, phone systems, etc. The flex language allows the regional offices to flex personal services dollars when available and purchase facility furnishings, equipment, etc. as needed.

### DEPARTMENT REQUEST

DMH is requesting 25% flexibility between PS and E&E based on total GR and FED funding for FY 2023. The information below shows a 25% calculation of both the PS and E&E FY 2023 budgets.

## PROGRAM DESCRIPTION

**Department:** Mental Health

**HB Section(s):** 10.500, 10.505, 10.510, 10.515, 10.520

**Program Name:** DD Regional Offices

**Program is found in the following core budget(s):** DD Regional Offices

### 1a. What strategic priority does this program address?

Strengthen and integrate community services which support the increase of employment, behavioral supports, and technology to increase independence and self-sufficiency of Missourians with developmental disabilities.

### 1b. What does this program do?

The Division of Developmental Disabilities (DD) is required to identify, assess, determine eligibility, and enroll individuals with developmental disabilities who present to the Division of DD system. The Division of DD currently operates five regional offices (Columbia, Kansas City, Sikeston, Springfield, and St. Louis), along with six satellite offices (Albany, Hannibal, Joplin, Kirksville, Poplar Bluff, and Rolla).

The regional offices perform intake activities which help to determine if individuals are eligible for services. This initial eligibility determination must be completed within thirty days of the application for service. After an individual is found eligible, they are referred to a support coordination agency or are directed to resources provided by the state or local county, depending upon eligibility. For individuals eligible for case management, a support coordinator works with the individual and family to identify the services or supports which are needed. These services and supports are documented in a person-centered plan. The plan describes what is needed, how the service/support will be obtained and delivered, and the method by which the effectiveness of the service or support will be measured. When developing and implementing individual plans, the regional office staff strive to meet individual's needs in the least restrictive environment possible, typically in or near the individual's home. This program promotes the increase of employment, behavioral and technology services and supports to increase independence and self-sufficiency for individuals with developmental disabilities.

Regional offices also develop and support the contract providers who deliver the majority of services in an individual's plan. The offices must continually develop new contracts, train providers, and monitor the services provided. Regional offices pre-authorize all services purchased, and are the entry point for all services billed to Division of DD.

Regional office budgets contain funding to support all regional office staff excluding support coordination. Regional office staff include business office, behavior resource, provider relations, quality assurance, nursing oversight, intake and assessment, utilization review, Targeted Case Management (TCM) technical assistance, community living and inquiry coordination, and self-directed support. Funding for support coordinators is contained in the Community Support Staff house bill section, and is allocated to the appropriate regional office. Funding for county and not for profit support coordination is in the Community Programs house bill section.

Department: Mental Health

HB Section(s): 10.500, 10.505, 10.510, 10.515, 10.520

Program Name: DD Regional Offices

Program is found in the following core budget(s): DD Regional Offices

### 2b. Provide a measure(s) of the program's quality.

- Percent of provider training records reviewed that met training requirements.

NOTE: Ability to meet the projected percent in FY 2021-FY 2023 may be impacted due to reliance on the ability for staff to collect and access paper documentation (performance measure source) during the COVID-19 public health emergency.

### 2c. Provide a measure(s) of the program's impact.

- To increase the number of individuals receiving services who live in their natural home.

Note: The Percent of Total Served is based on the Residential Information Services Project (RISP). RISP data for 2018, 2019 and 2020 is not yet available. More consumers are receiving services in their homes enabling them to fully be included in all aspects of home, school and community life.

### 2c. Provide a measure(s) of the program's impact. (Continued)

- To maintain appropriate level of asset balances for Representative Payees.

Note: Regional offices serve as representative payee of social security benefits for individuals not able to manage their funds. The "Pay In" process ensures that individuals who owe a share of their Medicaid costs due to their assets or income can maintain eligibility by paying a monthly premium to cover their share.

- To provide assistance to individuals and families in an effort to maintain residential stability.

Note: Based on National Core Indicator (NCI) survey results. The NCI is a voluntary effort by public developmental disabilities agencies to measure and track their own performance. Overall, Missouri conducts 403 Adult In-Person Surveys (formerly the Adult Consumer Survey) every year. For this particular measure, Missouri had 258 responses in FY 2019. Nationally, there were 9,646 responses in FY 2019. FY 2021 is not yet available. Data reflected has been risk-adjusted to account for state differences. To learn more about risk adjustment, see [2018-19 In-Person Survey National Report: NCI Overview and IPS Methodology](#).

- Percent of Waiver Participants Self-Directing their own services, thereby increasing self-sufficiency and community inclusion, and avoiding out of home placement and other segregated services.

Note: In FY 2021, Missouri had 15.2% of waiver participants self-directing services. The FY 2022 goal is 16.6% while the national best-practice standard is 23%. From the 2019 Case for Inclusion report (where Missouri ranks 4th), fifteen states report at least 10% of individuals using self-directed services, according to the NCI survey of 44 states and nine states report at least 20% being self-directed services.

- Improvement on provider issues getting resolved.

<b>2. CORE DESCRIPTION</b>																																																																																											
<p>The Division of Developmental Disabilities (DD) operates habilitation centers providing services in an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID). As a part of the services system for persons with developmental disabilities, the habilitation centers (Bellefontaine, Higginsville, St. Louis Developmental Disabilities Treatment Center and Southeast Missouri Residential Services) continue to provide ICF/IID level of care in a structured environment for approximately 284 consumers on their campuses. The primary mission of these facilities is to provide active treatment and habilitation in an ICF/IID residential setting. This often demands intensive seven-days-a-week active treatment under close professional supervision in an environment conducive to each individual's development. The Division of DD also operates MO HealthNet Waiver ISL's (Individualized Supported Living) and group homes to support approximately 185 persons. State-operated ISL's and group homes in the community have been used to effectively transition individuals from the facility to community settings. Habilitation centers also provide statewide crisis beds to help support individuals in need of short term crisis/evaluation services.</p>

## FLEXIBILITY REQUEST FORM

<b>BUDGET UNIT NUMBER:</b> 74415C, 74420C, 74427C, 74430C, 74435C, 74440C <b>BUDGET UNIT NAME:</b> State Operated Services <b>HOUSE BILL SECTION:</b> 10.525-10.550	<b>DEPARTMENT:</b> Mental Health  <b>DIVISION:</b> Developmental Disabilities
--	---

**1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.**

Flex appropriations for the facilities allow the Department to:

- Shift funds to follow a consumer who moves to a new location. When a consumer moves from on-campus to a state-operated Individualized Supported Living (ISL) in the community, to a private provider in the community, or to another on-campus facility, flexibility is needed to allow funds to move with the consumer in order to cover the cost of services at the new residential setting. The flexibility improves the Division's ability to streamline operations between facilities.
- React to changing conditions in areas such as housekeeping, security and pharmacy. The flex appropriation allows facilities to continually review whether it is more beneficial to contract for services, hire staff in-house to provide these services, or provide a mix of both contracting and in-house services.
- React to emergency situations that could occur in any given fiscal year. Flexibility allows available funds to be shifted to cover critical equipment/supply needs that would otherwise go unmet. This could include such things as client furniture, security enhancements, medical supplies, etc. The flex language allows facilities to flex personal services dollars when available and purchase facility furnishings as needed.
- Pay overtime costs for staff, when funds are available.
- Provide a staff-to-consumer ratio of 1:1, if required for certain DMH consumers. This situation puts an additional strain on personal services needs. The flex language provides the flexibility needed to obtain staff necessary to meet the clients' needs.
- Contract out to fill vacancies if a facility is unable to find someone to hire (i.e., physicians, nursing staff, etc.).

### DEPARTMENT REQUEST

DMH is requesting 25% flexibility between PS and EE based on total GR and FED funding for FY 2023. FY 2023 requested flex between PS and EE has increased from 10% to 25% to provide further flexibility with meeting staffing needs through in-house or contracted staff and ensure adequate staffing levels during the COVID-19 pandemic. DMH is requesting 50% flexibility between Higginsville Habilitation Center and Northwest Community Services. DMH is also requesting 15% flexibility between Bellefontaine Habilitation Center and Southwest Community Services on the Purchase of Community Services and 30% flexibility for Higginsville Habilitation Center, Northwest Community Services, St. Louis Disabilities Treatment Center on the Purchase of Community Services.

## PROGRAM DESCRIPTION

**Department: Mental Health**

**HB Section(s): 10.405, 10.525, 10.530, 10.535,  
10.540, 10.545, 10.550**

**Program Name: State Operated Services**

**Program is found in the following core budget(s): State Operated Services**

### 1a. What strategic priority does this program address?

State Operated Programs (SOP) align priorities with providing a continuum of care and habilitation for individuals with developmental disabilities (DD). Habilitation refers to a process aimed at helping people with DD attain, keep or improve skills and functioning for daily living in order to become more independent and self-sufficient.

### 1b. What does this program do?

SOP provides 24/7 residential long-term care. In conjunction with training in activities of daily living, habilitation services also include: assistance to expand employment opportunities; training in positive behavioral supports and providing crisis services to individuals with extreme violent behaviors; assistance and training with medication/health management, as well as enhancing geriatric care for an aging DD population. These services are provided in a variety of optional settings.

As a part of Missouri's service system for persons with intellectual and developmental disabilities, the Division of Developmental Disabilities (DD) operates three distinct programs: **State Owned and Operated ICF/IID Habilitation Centers**, **State Operated Community Based Waiver Homes**, **State Owned and Operated Crisis Services**.

**State-Owned and Operated ICF/IID Habilitation Centers** include Bellefontaine, Higginsville, St. Louis Developmental Disabilities Treatment Center in St. Charles and South County, and Southeast Missouri Residential Services in Poplar Bluff and Sikeston. These programs provide residential around-the-clock specialized care, in a structured long-term campus environment, for 265 individuals with intellectual and developmental disabilities. These facilities receive funding under Centers for Medicare and Medicaid Services' (CMS) *Intermediate Care Facilities for Individuals with Intellectual Disabilities* program (ICF/IID). CMS requirements ensure specific health care and safety standards are met; that the specialized developmental needs of each individual are addressed; and that these centers provide quality health care, appropriate oversight and supervision, active treatment, and habilitation. Many individuals currently residing at a habilitation center have made it their home for 25 to 30 years. With the increasing complex medical needs of these aging individuals with developmental disabilities, specialized health care has become of utmost importance at the centers. Many individuals are medically fragile and require 24 hour medical care through nursing and physician oversight. Furthermore, many individuals require specialized behavioral supports. In addition to specialized care, CMS also monitors that the developmental needs of the individuals are being met through active treatment and habilitation. This demands intensive seven-days-a-week close professional supervision in an environment conducive to enhancing each individual's developmental learning in a day habilitation classroom setting at each center, or within the home in which the individual resides. *Habilitation* includes training in activities of daily living, as well as receiving therapies directly related to the person's individualized habilitation plan. Staff employed at each habilitation center are state employees. Most of the staff employed are the direct support professionals, their supervisors, as well as nursing staff who provide around-the-clock personal, hygiene care and developmental teaching to the individuals who live on the campuses. Other staff employed at habilitation centers include physicians and psychiatrists; occupational, speech and physical therapists; behavioral analysts and psychologists; human resources; dietary and housekeeping; quality assurance; fiscal management and business office; clerical and other support staff.

10.540, 10.545, 10.550

**Program Name:** State Operated Services

### 1b. What does this program do? (Continued)

In 1999, the U. S. Supreme Court ruled in the Olmstead case that the "integration mandate" of the Americans with Disabilities Act requires public agencies to provide services "in the most integrated setting appropriate to the needs of qualified individuals with disabilities". This ruling, along with national trends, has led to drastic down-sizing in large habilitation centers across the country. In Missouri's effort towards compliance with the Olmstead Act, individuals residing in habilitation centers, and their guardians, are provided information on options and choice for receiving waiver services in the community, rather living at a state operated habilitation center. Additionally in 2008, DD halted long-term admissions to state operated habilitation centers and only admits individuals from community placements who are in crisis, on a short-term basis, until they are able to return to the community.

**State Operated Community Based Waiver Homes** began in 1990 to provide an option for individuals to move off campus, but still be served by state staff. Individualized residential settings in the community were a national trend to replace institutional care and were funded through a Medicaid Waiver program approved by CMS. The State Operated Community Based Waiver Services are operated through Northwest Community Services, Southwest Community Services and Southeast Missouri Waiver program. They provide supports to 185 individuals with intellectual and developmental disabilities who live in typical housing, in communities and neighborhoods of their choice. Like the habilitation centers, the staff that are employed to provide care to the individuals in the State Operated Community Based Waiver Programs, are state employees; however in contrast, the homes that the individuals reside in are private property which are leased by the individuals who live there. In order to maintain federal funding, these Waiver Programs must meet all of the required Comprehensive Waiver standards on a continual basis, as monitored by CMS. The standards ensure that these programs guarantee quality health care, appropriate supervision and oversight, choice of services, and adherence to promoting self-determination, employment, and community membership. Most of the individuals served in these programs previously resided on a habilitation center campus for many years prior to choosing to move to this type of optional program. As a result, many of the individuals receiving services through the State Operated Community Based Waiver Programs are considered medically fragile and aging with complex medical and/or behavioral needs. All individuals receive 24 hour support from state employed direct care, nursing and other professional staff, to ensure health and safety, quality of life, employment, and community integration. Currently, a large emphasis within the State Operated Waiver program is to assist individuals to seek and obtain employment in non-segregated settings within their communities.

**State Owned and Operated Crisis Services:** Each State-Operated DD program provides time limited crisis services for individuals with developmental disabilities residing in the community who are experiencing significant behavioral challenges, requiring short-term out of home support. With a comprehensive approach to evaluating the individual's support needs, the crisis service seeks to stabilize the individual's behavior while also making recommendations to the larger team for strategies to help the person successfully return to their community home. On average, this service is provided to approximately 19 individuals throughout the state at any given time.

The individuals served in all three of these program types are diagnosed with developmental disabilities ranging from mild to profound, with the majority being in the severe/profound range. To be eligible for services, an individual must meet the Division of DD's definition of having a developmental disability as set forth in Section 630.005 RSMo, and meet Division of DD criteria of requiring placement in a state operated facility or community residential services.

### 1b. What does this program do? (Continued)

The habilitation center house bill sections includes funding for Habilitation Center campuses, as well as for individuals living in state-operated CMS Comprehensive Waiver Community homes. Core budget includes funding for campus services and their crisis services in the amount of approximately \$57.4 million and Community Waiver Homes in the amount of approximately \$30.2 million. The Division of DD will continue to use the flexibility in habilitation center budgets to purchase appropriate community services for consumers who choose to leave these facilities to live in the community.

### 2a. Provide an activity measure(s) for the program.

- Average age and length of stay for consumers in state-operated programs:

	Average Current Age	Average Current Length of Stay - In Years
Bellefontaine Habilitation Center	62	39.19
Higginsville Habilitation Center	51	23.73
Northwest Community Services	60	18.93
Southeast Missouri Residential Services	52	22.31
St Louis Developmental Disabilities Treatment Center	61	27.19
Southwest Community Services	54	25.62

- Number of individuals served in crisis per year.

Note: DD projects an increase in the capacity of available services to better meet the increasing demands of individuals served who require crisis services. Stretch target projection is based on available crisis beds. New performance measures were developed in FY 2020. No projections exist for FY 2019.

Management is meeting with DSPs, obtaining their opinion through surveys, and working towards a plan to increase the opportunities for additional training/education opportunities that will help them within their job class. National number is based on a sample of consumers reported in National Core Indicators (NCI) Staff Stability Survey. The NCI is a voluntary effort by public developmental disabilities' agencies to measure and track their own performance. FY 2019-FY 2021 NCI data is not yet available. The State Operated Programs DSP Turnover Rate is obtained from State of Missouri, Office of Administration, Talent Management Dashboard under classifications for Support Care Assistant, Supervising Care Assistant and Senior Support Care Assistant.

- Per Diems based on expenditures from DMH appropriations, including fringe:

Note: FY 2017 data for the national average is taken from Residential information Systems Project (RISP) annual survey compiled by University of Minnesota. RISP data for FY 2018-FY 2020 is not yet available. Average per diems reflected include Bellefontaine, Higginsville, and St. Louis DDTTC which are campus ICF/IID settings.

## 2. CORE DESCRIPTION

Tuberous sclerosis complex (TSC) is a genetic disorder that involves growth of tumors or other abnormalities in multiple organs of the body including the brain, skin, eye, heart, lungs, and kidneys. This disease can have many different presentations and symptoms, but most commonly TSC afflicts infants and children with developmental delay, intellectual disability, autism, and intractable seizures. As a result, many people with TSC and their families are left dealing with life-long neurological disabilities. Although TSC is not widely recognized by the general public and receives relatively limited clinical resources, TSC has a similar prevalence as the better-known neurological disease, Duchenne's muscular dystrophy, and is more common than Amyotrophic lateral sclerosis (ALS-Lou Gehrig's disease). Thus, there is a great need to develop ways to help improve the lives of this significant population of patients through better clinical care and research.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Section 105.935, RSMo, allows employees providing direct client care in 24/7 state institutions to monthly request payment in lieu of compensatory time off. By statute, these requests must be paid each month. Additional funding is needed to meet these overtime pay requirements.

**3. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? How many positions do the requested FTE equal and for how many months do you need the supplemental funding? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why.)**

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Department of Mental Health administers four Home and Community Based (HCBS) waivers: Comprehensive, Community Support, Partnership for Hope and Missouri Children's Developmental Disabilities (MoCDD). Day habilitation, employment, respite care, individualized skill development, and personal assistance are examples of services provided under these waivers. A portion of these waiver services are paid from the Children's Health Insurance Program Federal Fund (CHIP). During the FY 2021 Regular Session, fund 0159 was created to house these federal expenditures; however, the Division of Developmental Disabilities (DD) did not receive an appropriation. The Division of DD is seeking an appropriation in order to continue providing services to qualifying children during FY 2022 and properly utilize the newly created fund. This is a supplemental request for FY 2022, and DD will complete a core reallocation in FY 2023.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSA) awarded funds to State Councils on Developmental Disabilities (DD) for identifying and assisting individuals who may need help accessing the COVID-19 vaccine. This includes scheduling appointments, arranging transportation to appointments if needed, assisting local entities with accessing the vaccine, and providing reminders for second vaccination as needed. The Missouri DD Council was awarded \$71,072 for these activities in April 2021 and received a supplemental award amount of \$30,986 in September 2021. The total funding of \$102,058 must be expended by September 30, 2022; therefore, supplemental federal authority is needed to ensure individuals receive the support and assistance needed get the COVID-19 vaccine.

**2. WHY IS THIS SUPPLEMENTAL FUNDING NEEDED? INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

The Department of Mental Health (DMH) Division of Behavioral Health (DBH) received federal block grant supplemental funds for mental health and substance use from the American Rescue Plan Act (ARPA). DBH will use this supplemental COVID-19 Relief funding to: (1) promote effective planning, monitoring, and oversight of efforts to deliver Substance Use Disorder (SUD) prevention, intervention, treatment, and recovery services; (2) promote support for providers; (3) maximize efficiency by leveraging the current infrastructure and capacity; and (4) address local SUD related needs during the COVID pandemic and until the end of grant funding, as the repercussions of COVID-19 will be felt for years to come. Supplemental funding is requested for FY22 to begin expending the funds.

## GLOSSARY FUNDING SOURCES

**Abandoned Fund Account:** This fund collects moneys and other personal item dispositions and then transfers the cash to the Mental Health Trust Fund.

**Compulsive Gamblers Fund (CGF):** Section 313.842, RSMo., authorized a fund to provide treatment services for compulsive gamblers and their families. The fund is supported through the collection of one cent of the admission charge from gambling boats as provided in 313.820, RSMo. This fund receives its revenue by way of a cash transfer from the Gaming Commission Fund.

**Developmental Disabilities Waiting List Trust Fund (DDWLTF):** HB 631, 96th General Assembly, first regular session, allows the Division of Developmental Disabilities to receive monies designated on individual or corporation tax refund forms to serve individuals on the DD waiting list. The legislation also established a new fund in the state treasury to receive these funds. Proceeds collected as a result of the tax refund forms shall be deposited into the new fund.

**Federal (FED):** Authority is appropriated to accept funds coming to the Department from federal grant sources or Medicaid earnings.

**General Revenue (GR):** Missouri State revenues.

**Habilitation Center Room and Board Fund (HCRB):** This fund is for the receipt of room and board charges for residents of state habilitation centers.

**Healthy Family Trust Fund (HFT):** This is a State fund supported from tobacco funding awarded to the State of Missouri.

**Health Initiatives Fund (HIF):** This is a State fund established through the Griffin Health Care Access Bill which receives new revenues from cigarette tax.

**ICF/IID Reimbursement Allowance Fund (ICF/IID):** To account for assessment payments received from providers of services of intermediate care facilities for individuals with intellectual disabilities.

**Inmate Revolving Fund (IRF):** The Inmate Revolving Fund was established in accordance with 217.430, RSMo. The sources of revenue for the fund are reimbursements from offenders participating in work release, electronic monitoring, and residential treatment facility programs and, per 217.690, RSMo. from the payment of a fee, not to exceed sixty dollars per month, from every offender placed under board supervision on probation, parole, or conditional release. Per 217.430, RSMo. the funds shall be used as provided by appropriation, to support offenders in education programs, drug treatment programs, residential treatment facilities, other community-based sanctions, electronic monitoring, or in work or educational release programs. Section 217.690, RSMo. further states that funds may be used for the costs of contracted collections services as well as to provide community corrections and intervention services for offenders. Such services include substance use disorder assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the board to assist offenders to successfully complete probation, parole, or conditional release.

## GLOSSARY FUNDING SOURCES

**Inmate Revolving Fund (IRF) (Continued):** The Department of Corrections (DOC) currently charges a fee of \$30 per offender under community supervision but may waive all or part of that fee based on factors such as disability or inability to pay. DOC agreed on the \$30 fee with the bill's sponsors when the intervention fee went into effect, but they allowed for the possibility of raising the fee in the future. The Department of Mental Health/Division of Alcohol & Drug Abuse, in conjunction with the DOC, utilizes a portion of these fees for the following programs: Community Partnerships for Restoration (CPR), Treatment Resources Encouraging New Directions (TREND) and Southeast Missouri Treatment program (SEMO). The first two programs, CPR and TREND provide assessment, case management, substance use disorder treatment and employment placement for high risk offenders. The third program SEMO, provides substance use disorder counseling for high risk probationers who otherwise would be unable to afford the treatment. All three of these programs are important components of the Department's efforts to reduce recidivism.

**Inter-Governmental Transfer Fund (IGT):** This fund is only used when the Department makes an Upper Payment Limit (UPL) claim on the state-operated ICF/IID habilitation centers to draw down additional federal funds for the State. The UPL is a method of calculating a supplemental federal payment in the Medicaid program based on Medicare cost principles.

**Mental Health Earnings Fund (MHEF):** There are several sources of cash deposited to this fund. One source is from the ADA Counselor Certification Board and another is the Substance Abuse & Traffic Offenders Program (SATOP). These are basically self-funded programs where expenditures are limited to the amount of revenues brought into the fund. Other sources include enterprise operations where the Department is reimbursed by private entities for activities such as food service or Mental Health First Aid USA.

**Mental Health Interagency Payments Fund (MHIPF):** This fund provides the mechanism for cooperative agreements between various agencies and the authority to accept funding from another state agency or DMH facility as a result of providing a service to that agency. Appropriations from this fund are considered a "double appropriation" in the statewide budget. An example of interagency payments would include agreements with the Children's Division to provide residential care and recovery for youth who require DMH services.

**Mental Health Trust Fund (MHTF):** This is an appropriation account established by the legislature that allows individuals or organizations to contribute to the Department for clients or programs. Section 630.330, RSMo. creates this fund and authorizes the Department to take, receive, administer and hold in trust grants, gifts, donations, moneys escheated under section 630.320, RSMo. devises or bequests of money or other personal property and funds from the sales of the facilities' commissaries or canteens. The fund has been used to carry out the objects for which the grants, gifts, donations, bequests, etc. were made or for purposes of funding special projects or purchasing special equipment.

**Mental Health Local Tax Match Fund (MHLTMF):** Authority has been appropriated to maximize local tax funds contributed to pay the State's share for Medicaid-reimbursable services (mill tax, children's tax).

**Revolving Administrative Trust Fund (RAT):** The commissioner of administration shall administer a revolving "Administrative Trust Fund" which shall be established by the state treasurer which shall be funded annually by appropriation and which shall contain moneys transferred or paid to the office of administration in return for goods and services provided by the office of administration to any governmental entity or to the public. The state treasurer shall be the custodian of the fund, and shall approve disbursements from the fund for the purchase of goods or services at the request of the commissioner of administration or the commissioner's designee. The provisions of section 33.080 notwithstanding, moneys in the

## GLOSSARY FUNDING SOURCES

**Revolving Administrative Trust Fund (RAT) (Continued):** fund shall not lapse, unless and then only to the extent to which the unencumbered balance at the close of any fiscal year exceeds one-eighth of the total amount appropriated, paid, or transferred to the fund during such fiscal year, and upon approval of the oversight division of the joint committee on legislative research. The commissioner shall prepare an annual report of all receipts and expenditures from the fund. **Sale of surplus vehicles, proceeds to go to owning state agency, exceptions — moneys to be used for purchase of vehicles only.** — Provisions of section 37.090 notwithstanding, all proceeds generated by the sale of a surplus vehicle, except proceeds generated from the department of transportation, the department of conservation, the Missouri state highway patrol and all state colleges and universities may be deposited in the state treasury to the credit of the office of administration revolving administrative trust fund and credited to the state agency owning the vehicle at the time of sale.
